Building research levy

4 Minister may prescribe rates of levy

- (1) Subject to the provisions of this Act, the Minister may from time to time, after consulting with the association and the New Zealand Master Builders' Federation Incorporated, prescribe by notice in the *Gazette* the rate of levy to be paid by builders for the purposes of this Act.
- (2) Subject to the provisions of this section, the rate so prescribed shall—
 - (a) in the case of construction work performed pursuant to a contract, be based on the total consideration payable under that contract; and

- (b) in the case of construction work performed otherwise than pursuant to a contract, be based on the total value of the work as ascertained under section 5.
- (3) The prescribed rate shall not exceed \$1 for every \$1,000 (or part thereof) of the total consideration payable under any contract or the total value of construction work, as the case may be.
- (4) The rate of levy shall be notified in the *Gazette* at least 14 days before it is to come into force.
- (5) The Minister may at any time vary or revoke any notice made under subsection (1).

5 Payment of levies by builders

- (1) For the purposes of this Act, a levy, the rate of which is for the time being prescribed under section 4, shall be payable by every builder—
 - (a) in respect of the consideration payable to him under any contract entered into by him for the performance of construction work; or
 - (b) in any case where he performs or intends to perform any such work otherwise than pursuant to a contract, in respect of the value of the work as ascertained under subsection (2).
- (2) Where the value of any construction work is required to be ascertained for the purposes of paragraph (b) of subsection (1), that value shall be ascertained as follows:
 - (a) the value (if any) specified in the building consent; or
 - (b) if no value is so specified, the value shall be such value as may be agreed upon between the association and the builder or, in default of such agreement, as may be determined by arbitration under section 6.
- (3) Every such levy shall become due and payable by the builder at the time the building consent is issued.
- (4) Notwithstanding the provisions of subsection (1)—
 - (a) where a levy is assessable on the consideration payable under any contract, no levy shall be payable if the consideration is less than \$20,000:

- (b) where a levy is assessable on the value of construction work, no levy shall be payable if the value of that work is less than \$20,000.
- (5) If any builder contracts to perform construction work in stages, then, for the purpose of assessing what amount of levy is payable in respect of the work, the considerations payable in respect of each stage shall be added together and the appropriate levy shall be calculated on the basis of the total sum so ascertained.
- (6) Where any levy is assessable on the consideration payable under a contract, the entitlement of the association to the levy shall not be defeated, reduced, or otherwise affected by any counterclaim, set-off, or cross demand by or on the part of the employer with whom the contract was made.
- (7) Where a levy is payable by a builder under this section, he may pay it directly to the association or to such agent as the association may have appointed to collect levies on its behalf.
- (8) All money payable by way of levy under this section shall be recoverable as a debt due to the association.

 - (b) to any disclosure of information made for the purpose of any legal proceedings pursuant to this Act or any other Act, or for the purposes of any report of any such proceedings.

Notes

1 *General*

This is a reprint of the Building Research Levy Act 1969. The reprint incorporates all the amendments to the Act as at 1 February 2011, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, *see* <http://www.pco.parliament.govt.nz/reprints/>.

2 *Status of reprints*

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

3 *How reprints are prepared*

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked are omitted. For a detailed list of the editorial conventions, *see* <http://www.pco.parliament.govt.nz/editorial-conventions/> or

Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

4 *Changes made under section 17C of the Acts and Regulations Publication Act 1989*

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
 - indentation
 - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)
- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)

- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
 - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
 - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
