- (2) If a renewable lease is granted under subsection (1),—
- (a) it is deemed to have been granted under section 126A of the Land Act 1948 immediately before the land comprised in it was vested in the State enterprise concerned; and

*Application of Land Act 1948***23 Application of Land Act 1948**

Except as provided in sections 4 to 22, nothing in this Part limits or affects the continued application of the Land Act 1948 to any reviewable instrument or any land.

Part 1A**Setting rents for pastoral leases**

Part 1A: inserted, on 6 July 2012, by section 6 of the Crown Pastoral Land (Rent for Pastoral Leases) Amendment Act 2012 (2012 No 36).

23A Purpose of this Part

- (1) The purpose of this Part is to establish a framework for specifying an efficient, predictable, and objective process to set rents for pastoral leases based on—
 - (a) the productive capacity of the land when used for pastoral farming; and
 - (b) the earnings available from that productive capacity.
- (2) To help to achieve the purpose of this Part, the framework set out in this Part—
 - (a) includes a formula with the following elements:
 - (i) the base carrying capacity of a pastoral lease as an easily calculated proxy for the stock the land would carry in an unimproved state; and

- (ii) the current carrying capacity of a pastoral lease as an approximate measure of the stock the land would carry when developed and farmed efficiently, which allows the element in subparagraph (iii) to be calculated; and
 - (iii) a factor to incorporate 0.15 of the difference between the current carrying capacity and the base carrying capacity into the formula; and
 - (iv) a dollar-per-stock-unit rate that incorporates a proportion of net earnings per stock unit into the formula; and
- (b) fixes the values of some elements of the formula and prescribes or constrains inquiry into the values for other elements of the formula, namely,—
- (i) the dollar-per-stock-unit rate is calculated according to a method prescribed in regulations using available data about net farm incomes on farms comparable to those on pastoral leases; and
 - (ii) the base carrying capacity is to be agreed or determined once according to rules made by the Valuer-General, including rules about using scientific evidence that is predictive of the base carrying capacity and information about the land; and
 - (iii) the current carrying capacity is to be agreed or determined at each review according to rules made by the Valuer-General, including rules about using information about efficient farming practices and information about the land; and
- (c) provides for a dispute resolution system to facilitate early agreement between the Crown and lessees on the base carrying capacity and the current carrying capacity.

Section 23A: inserted, on 6 July 2012, by section 6 of the Crown Pastoral Land (Rent for Pastoral Leases) Amendment Act 2012 (2012 No 36).

23B Formula for calculating annual rents for pastoral leases

- (1) Despite anything in any other enactment or in any instrument, the annual rent for a pastoral lease that has a rent review date on or after the date on which this section comes into force must be calculated in accordance with the formula set out in subsection (2) and the formula set out in subsection (3), and the annual rent payable is the greater of the 2 amounts so calculated.
- (2) The following formula must be used to calculate the annual rent for any pastoral lease to which subsection (1) applies:

$$a = b \times (c + ((d - c) \times 0.15))$$

where—

a is the annual rent for the pastoral lease

- b is the dollar-per-stock-unit rate published by the Valuer-General in the *Gazette* that applies to the rent review date
 - c is the base carrying capacity of the pastoral lease as determined under this Part and any regulations or rules made under this Part
 - d is the current carrying capacity of the pastoral lease as determined under this Part and any regulations or rules made under this Part.
- (3) The following formula must also be used to calculate the annual rent for any pastoral lease to which subsection (1) applies:

$$b \times c$$

where—

- b is the dollar-per-stock-unit rate published by the Valuer-General in the *Gazette* that applies to the rent review date
- c is the base carrying capacity of the pastoral lease as determined under this Part and any regulations or rules made under this Part.

Section 23B: inserted, on 6 July 2012, by section 6 of the Crown Pastoral Land (Rent for Pastoral Leases) Amendment Act 2012 (2012 No 36).

23C Commissioner to appoint Crown assessors to determine carrying capacities of pastoral leases

- (1) The Commissioner must appoint a Crown assessor to make an initial assessment of the base carrying capacity of a pastoral lease that has a rent review date during the period—
- (a) beginning on the date that this section commences; and
 - (b) ending on the close of the day that is 90 days before the next rent review date.
- (2) However, subsection (1) does not apply if the base carrying capacity of the pastoral lease has been determined previously under this Part.
- (3) The Commissioner must appoint a Crown assessor to make an initial assessment of the current carrying capacity of a pastoral lease during the period—
- (a) beginning on the date that is 120 days before the rent review date; and
 - (b) ending on the close of the day that is 90 days before the rent review date.
- (4) The Commissioner must, as soon as practicable after appointing a Crown assessor under this section, provide that Crown assessor with, or refer that Crown assessor to, any information prescribed in any rules made under section 23O.
- (5) Despite anything in this section, the periods specified in subsections (1) and (3) may be varied by written agreement between the Commissioner and the lessee.

Section 23C: inserted, on 6 July 2012, by section 6 of the Crown Pastoral Land (Rent for Pastoral Leases) Amendment Act 2012 (2012 No 36).

23D Initial assessment of carrying capacity by Crown assessors

- (1) A Crown assessor must, in accordance with the terms of the Crown assessor's appointment under section 23C, inspect the land and formulate an initial assessment of—
 - (a) the base carrying capacity of the pastoral lease; or
 - (b) the current carrying capacity of the pastoral lease; or
 - (c) the base carrying capacity and the current carrying capacity of the pastoral lease.
- (2) The Crown assessor must allow the lessee or a representative of the lessee to be present when the Crown assessor is inspecting the land for the purposes of subsection (1).
- (3) The Commissioner must, within 15 working days after the completion of the Crown assessor's inspection of the land, give the lessee the Crown assessor's initial assessment, which must—
 - (a) be in writing; and
 - (b) include—
 - (i) the information provided or referred to the Crown assessor under section 23C(4); and
 - (ii) any other information that contributed materially to the assessment; and
 - (c) explain which elements of the information referred to in paragraph (b) contributed materially to the assessment; and
 - (d) specify the regulations or rules that permit or require the use of the information referred to in paragraph (c); and
 - (e) if the Crown assessor's initial assessment allows a rent to be calculated, specify the rent that the lessee must pay if the lessee accepts the Crown assessor's initial assessment; and
 - (f) give notice of the period for response, and the consequences of failure to respond within that period, in the form prescribed by the Valuer-General for that purpose.
- (4) The lessee must, within 15 working days after the date on which the notice is received by the lessee, respond to the Crown assessor's initial assessment, in writing to the Commissioner, by—
 - (a) accepting the Crown assessor's initial assessment; or
 - (b) rejecting the Crown assessor's initial assessment.

Section 23D: inserted, on 6 July 2012, by section 6 of the Crown Pastoral Land (Rent for Pastoral Leases) Amendment Act 2012 (2012 No 36).

23E Process if lessee accepts, or fails to respond to, initial assessment

If the lessee accepts, or fails to respond to, an initial assessment under section 23D(4), the Crown assessor's initial assessment,—

- (a) in the case of the base carrying capacity of a pastoral lease,—
 - (i) becomes the base carrying capacity for that pastoral lease; and
 - (ii) must be used to calculate the rent for that pastoral lease under section 23B:
- (b) in the case of the current carrying capacity of a pastoral lease,—
 - (i) becomes the current carrying capacity for that pastoral lease; and
 - (ii) must be used to calculate the rent for that pastoral lease under section 23B.

Section 23E: inserted, on 6 July 2012, by section 6 of the Crown Pastoral Land (Rent for Pastoral Leases) Amendment Act 2012 (2012 No 36).

23F Framework for dispute resolution if lessee rejects initial assessment

- (1) If the lessee rejects the initial assessment of a Crown assessor, then, within 10 working days after the 15-working-day period specified in section 23D(4),—
 - (a) the Commissioner must—
 - (i) appoint an expert determiner in accordance with subsection (2); and
 - (ii) submit a copy of the assessment given under section 23D(3) to the expert determiner; and
 - (b) the lessee must appoint an assessor.
- (2) The Commissioner—
 - (a) must, in good faith, try to agree with the lessee on the person to be appointed as the expert determiner; and
 - (b) must, if the Commissioner and the lessee are unable to agree, appoint a person who is nominated by the Valuer-General.
- (3) Within 10 working days after the 10-working-day period specified in subsection (1), the lessee's assessor, the Crown assessor, and the expert determiner must meet on the land for the purpose of reaching an agreement on the base carrying capacity or the current carrying capacity, or both, of the pastoral lease (as the case may be).
- (4) If, after 10 working days after the meeting referred to in subsection (3), the lessee's assessor and the Crown assessor have not agreed on the base carrying capacity or the current carrying capacity, or both, of the pastoral lease (as the case may be) and communicated that agreement to the expert determiner, the expert determiner must, as soon as practicable,—
 - (a) fix a date for a resolution hearing, which must be no later than 30 working days after the meeting specified in subsection (3); and

- (b) give written notice of the resolution hearing to the lessee, the lessee's assessor, and the Crown assessor as soon as practicable but at least 10 working days before the date of the resolution hearing.

 - (i) explain to the lessee's assessor and the expert determiner the method that the Crown assessor used to arrive at the base carrying capacity or the current carrying capacity, or both, of the pastoral lease (as the case may be) in the initial assessment by isolating, as far as possible, the material elements of the method that the Crown assessor used; and
 - (ii) specify the regulations or rules that permit or require the use of the method referred to in subparagraph (i); and
 - (d) the lessee's assessor must formulate, and provide to the Crown assessor and the expert determiner, an assessment of the base carrying capacity or the current carrying capacity, or both, of the pastoral lease (as the case may be) that—
 - (i) explains the method that the lessee's assessor used to arrive at the base carrying capacity or the current carrying capacity, or both, of the pastoral lease (as the case may be); and
 - (ii) takes into account any explanation provided by the Crown assessor under paragraph (c); and
 - (iii) includes any information that contributes materially to the lessee's assessor's assessment; and
 - (iv) specifies the regulations or rules that permit or require the method referred to in subparagraph (i) and information referred to in subparagraph (iii); and

*Procedure***86 Commissioner to review certain Crown land**

 - (a) must undertake reviews of all land for the time being held under an un-renewable occupation licence; and
 - (b) may undertake (alone, or as part of reviews under paragraph (a)) reviews of any unused Crown land.
- (2) The Commissioner must undertake any review of land held under an un-renewable occupation licence,—
 - (a) if the licence is not due to expire within 18 months of the commencement of this Act, not later than 15 months before the licence is due to expire;
 - (b) if the licence is due to expire within 18 months of the commencement of this Act, as soon as is practicable after the commencement of this Act.
- (3) Subject to subsection (2), the Commissioner may, in the Commissioner's absolute discretion, decide—
 - (a) how many reviews to cause to be undertaken;
 - (b) which land each review is to relate to;
 - (c) the order in which reviews are to be undertaken;

- (d) the urgency with which any review is to be undertaken:
- (e) the resources to be devoted to any review.
- (4) After conducting any review, the Commissioner must devise a preliminary proposal to designate the land concerned in accordance with subsection (5).
- (5) The land (or various areas of it) must be designated as—
 - (a) land to be retained in full Crown ownership and control—
 - (i) as conservation area; or
 - (ii) as a reserve, to be held for a purpose specified in the proposal; or
 - (iii) for some specified Crown purpose; or
 - (b) Either or both of the following:
 - (i) land suitable for disposal by special lease (on terms specified in the proposal):
 - (ii) land suitable for disposal in fee simple under the Land Act 1948.
- (6) If a preliminary proposal designates any land as land suitable for disposal by special lease, land suitable for disposal in fee simple, or both, it may designate it subject to either or both of the following things:
 - (a) the creation of a sustainable management covenant:
 - (b) the continuation in force of an existing easement.
- (7) If a preliminary proposal designates any land held under an occupation licence as land to be retained in Crown ownership, it may also specify any holder's improvements that are to remain on the land.

87 Provisional consent of Minister of Conservation needed for some designations

- (1) Without the prior written provisional consent of the Minister of Conservation, a preliminary proposal may not designate any land as land suitable for disposal subject to the creation of a protective mechanism.
- (2) The Minister must not consent provisionally to a designation in a preliminary proposal unless satisfied that it is reasonably likely that the Minister would consent to a substantive proposal containing the designation.

88 Certain provisions of Part 2 relating to preliminary proposals to apply

The following sections apply to a preliminary proposal under this Part as if it were a preliminary proposal under Part 2:

- (a) section 40 (which enables designations in a preliminary proposal to be subject to the creation of a protective mechanism):
- (b) section 43 (which requires the Commissioner to give public notice of preliminary proposals):

- (c) section 44 (which requires the Commissioner to consult the local iwi authority about any preliminary proposal):
- (d) section 45 (which requires the Commissioner to give the Minister of Conservation information about the results of consultations on a preliminary proposal).

89 Commissioner may adopt substantive proposals

- (1) The Commissioner may, by signing on it a statement to the effect that it is adopted, adopt a written substantive proposal that is (as far as the land to which it relates is concerned) the same as or a modified version of a preliminary proposal previously notified, in accordance with section 88, under section 43.
- (2) Subject to subsection (3), the holder of any land held under an occupation licence that is dealt with by a proposal adopted under subsection (1) may apply under section 17 of the Land Act 1948 for a rehearing of the Commissioner's decision to adopt the proposal.
- (3) No person has a right to apply under section 17 of the Land Act 1948 for a rehearing of the Commissioner's decision to adopt a proposal under subsection (1) if the decision is the alteration, confirmation, modification, or reversal under a rehearing granted under that section of an earlier decision to adopt a substantive proposal.
- (4) The Commissioner must notify every holder concerned of a decision to adopt under subsection (1) a substantive proposal dealing with land held under an occupation licence.
- (5) Where within the time provided by section 17 of the Land Act 1948 no holder entitled by subsection (2) to do so applies under that section for a rehearing of a decision to adopt a substantive proposal under subsection (1), the adoption of the proposal takes effect on the expiration of that time.
- (6) Where—
 - (a) within the time provided by section 17 of the Land Act 1948 1 or more holders entitled by subsection (2) to do so apply under that section for a rehearing of a decision to adopt a substantive proposal under subsection (1); but
 - (b) the Commissioner then decides not to rehear the decision,—
the adoption of the proposal then takes effect.
- (7) Where the Commissioner rehears under section 17 of the Land Act 1948 a decision to adopt a substantive proposal under subsection (1),—
 - (a) if the Commissioner reverses the decision, the adoption of the proposal has no effect:
 - (b) the Commissioner may alter or modify the decision by adopting an altered or modified substantive proposal under subsection (1); and if the Commissioner does so,—

- (i) subsection (3) applies; and
- (ii) the altered or modified proposal takes effect immediately:
- (c) If the Commissioner confirms the decision, it takes effect on confirmation.

90 Certain provisions of Part 2 relating to substantive proposals to apply

- (1) Section 47 (which forbids the Commissioner to put a substantive proposal to the holder of a reviewable instrument without first considering matters arising out of the consultations on the preliminary proposal out of which the substantive proposal arises) applies to the adoption of a substantive proposal under this Part as if it were the putting of a substantive proposal under Part 2 to the holder of a reviewable instrument.
- (2) The following sections apply to a substantive proposal under this Part as if it were a substantive proposal under Part 2 (but as if the reference in section 62(1) to its acceptance were a reference to its adoption):
 - (a) section 62 (which requires the Commissioner to prepare a final plan of the land to which an accepted substantive proposal relates):
 - (b) section 63 (which relates to the approval of a final plan by the Chief Surveyor):
 - (c) section 64 (which relates to the registration of an approved final plan and the substantive proposal out of which the plan arises).

91 Consent of Minister of Conservation needed for some designations

Without the prior written consent of the Minister of Conservation, a substantive proposal may not designate any land as land suitable for disposal subject to the creation of a protective mechanism.

Effect of substantive proposals

92 Effect of registration of approved plan in relation to land designated to be retained in Crown ownership

Land that an approved plan designates as land to be retained by the Crown vests in the Crown when the plan is registered or (in the case of land held under an occupation licence) when the licence expires, whichever is the later,—

- (a) depending on its designation in the plan,—
 - (i) as conservation area, or for the Crown purpose specified; or
 - (ii) as a reserve, held for the purpose specified in the plan; and
- (b) subject to the easements (if any) whose continuation in force is provided for in the substantive proposal concerned; and
- (c) except as provided in paragraphs (b) and (c), freed and discharged from all mortgages, charges, claims, estates, and interests.

93 Creation of protective mechanisms

Section 80 (which enables the creation of protective mechanisms provided for in an accepted substantive proposal under Part 2) applies to an approved plan arising out of the adoption of a substantive proposal under this Part as if it were an approved plan arising out of the acceptance of a substantive proposal under Part 2.

94 Disposal

When an approved plan relating to land that a substantive proposal designates as—

- (a) land suitable for disposal by special lease; or
- (b) land suitable for disposal in fee simple under the Land Act 1948; or
- (c) both,—

has been registered or (in the case of land held under an occupation licence) when the licence expires, whichever is the later, the Commissioner must try to dispose of it accordingly.

Part 4

Provisions applicable to all reviews

95 Improvements on land held under occupation licence

- (1) A substantive proposal under Part 2 or Part 3 dealing with any land held under an occupation licence may specify 1 or more holder's improvements that are to remain on the land; and in that case—
 - (a) the holder must not remove any improvement specified from the land, or cause or permit it to be removed from the land; but
 - (b) if when the licence expires or is surrendered the improvement is still on the land, the holder is entitled to compensation for it (being an amount equal to the added value that it then gives the land).
- (2) Except as provided in subsection (1),—
 - (a) on or before the expiry or surrender of an occupation licence (or within any later time the Commissioner allows), the holder must remove all holder's improvements from the land; and
 - (b) the holder is in no circumstances entitled to compensation, and may not in any circumstances be paid compensation,—
 - (i) for any improvement required by paragraph (a) to be removed from the land; or
 - (ii) for any improvement that is not a holder's improvement.
- (3) When a substantive proposal under Part 3 designating land held under an occupation licence as land suitable for disposal is adopted,—

- (a) the Commissioner must promptly have all holder's improvements valued; and
- (b) on the expiry of the licence, subsections (2) and (3) of section 149, and section 150, of the Land Act 1948 apply to the land and the right of the former holder to be paid compensation for improvements on the land effected, erected, made, or paid for by the former holder or any predecessor of the former holder (including improvements effected by doing, before or after the commencement of this Act, any thing specified in section 16(1)).

96 Implementation not subdivision

- (1) Taking action under Part 2 or Part 3 so that different parts of any land are dealt with in different manners is not a subdivision of the land for the purposes of the Resource Management Act 1991.
- (2) Subsection (1) is for the avoidance of doubt.

97 Sustainable management covenants

- (1) Despite any enactment or rule of law, there may be reserved over land disposed of under Part 2 or Part 3 a covenant in favour of the Commissioner providing for the management of the land, and the monitoring of activities undertaken on the land and their effects on the land.
- (2) A sustainable management covenant runs with the land over which it was reserved; and is an interest in land for the purposes of the Land Transfer Act 1952.
- (3) On application by the Commissioner, the District Land Registrar of the land registration district in which the land over which a sustainable management covenant has been reserved is situated must take all steps, and make all entries in the registers, necessary to give effect to the covenant's registration.
- (4) With the prior written consent of the regional or district council in which the land over which a sustainable management covenant has been reserved is situated, the Commissioner may transfer to the council the Commissioner's interest in the covenant.

98 Application of sections 25 and 84 to section 97

- (1) Section 25 applies to the exercise of the Commissioner's powers under section 97 in relation to the disposal of land under Part 2 as if section 97 were part of Part 2.
- (2) Section 84 applies to the exercise of the Commissioner's powers under section 97 in relation to the disposal of land under Part 3 as if section 97 were part of Part 3.

99 Commissioner to meet certain official costs

The Commissioner must pay the appropriate costs of any action taken by a Chief Surveyor or District Land Registrar under Part 2 or Part 3.

100 Application of sections 17 and 18 of Land Act 1948

Except as provided in section 89(2), neither section 17 nor section 18 of the Land Act 1948 applies to any decision made under Part 2, Part 3, or this Part.

Part 5**Savings, and consequential amendments and repeals****101 Savings**

The repeal by section 104 of this Act of section 109 of the Land Act 1948—

- (a) does not affect any decision made under section 109 before its repeal; and (in particular)
- (b) does not prevent land held under an occupation licence from being let again on lease or licence if a decision that it is to be let again has been made under section 109 before its repeal.
