3 If result is \$0 or less than \$0

If the result of the calculation specified in clause 2 is \$0 or less than \$0, MSD must assess the amount the person is required to contribute towards the cost of the home-based disability support services supplied to that person as \$0.

4 If result is greater than \$0 but less than total cost of services supplied

If the result of the calculation specified in clause 2 is greater than \$0 but less than the total cost of the home-based disability support services supplied to the person, MSD must assess that result as the amount the person is required to contribute towards the cost of those services.
