## Regulations

### 1 Title and commencement

- (1) These regulations may be cited as the Fisheries (Kaimoana Customary Fishing) Regulations 1998.
- (2) These regulations come into force on 1 February 1999.

### *Preliminary provisions*

### 2 Interpretation

- (1) In these regulations, unless the context otherwise requires,—  
**chief executive** means, subject to any enactment, the chief executive for the time being of the Ministry that has, with the authority of the Prime Minister, assumed responsibility for the Fisheries Act 1996  
**customary food gathering** means the traditional rights confirmed by the Treaty of Waitangi and the Treaty of Waitangi (Fisheries Claims) Settlement Act 1992, being the taking of fish, aquatic life, or seaweed or managing of fisheries resources, for a purpose authorised by Tangata Kaitiaki/Tiaki, including koha, to the extent that such purpose is consistent with Tikanga Māori and is neither commercial in any way nor for pecuniary gain or trade

**fisheries resources** means any 1 or more stocks or species of fish, aquatic life, or seaweed

**included species** has the same meaning as in section 72(1) of the Te Arawa Lakes Settlement Act 2006

**local community** means those persons—

- (a) who own any land in the proximity of a proposed mātaihai reserve; or
- (b) who—
  - (i) have a place of residence in the proximity of the proposed mātaihai reserve; and
  - (ii) have been in occupation for a cumulative period of no less than 3 months in the 3 consecutive years immediately preceding the date of the application for that mātaihai reserve

**Māori** means a person of the Māori race of New Zealand; and includes a descendant of any such person

**mātaihai reserve** means an identified traditional fishing ground established under regulation 23

**Minister** means, subject to any enactment, any Minister of the Crown who, under the authority of any warrant or with the authority of the Prime Minister, is for the time being responsible for the Fisheries Act 1996

**Ministry** means, subject to any enactment, the Ministry that has, with the authority of the Prime Minister, for the time being assumed responsibility for the Fisheries Act 1996

**South Island fisheries waters** means the areas shown on the Allocation Plan (SO 19902); and nothing in this definition limits or affects the meaning the term has in any context outside these regulations

**Tangata Kaitiaki/Tiaki** means any person appointed as Tangata Kaitiaki/Tiaki under these regulations, being a member of the tangata whenua or a tangata whenua organisation or their notified representative

**tangata whenua**, in relation to a particular area, means the whanau, hapu, or iwi, being Māori, that hold manawhenua manamoana over that area

**Te Arawa fisheries area** has the same meaning as in section 72(1) of the Te Arawa Lakes Settlement Act 2006

**working day** means any day except—

- (a) a Saturday, a Sunday, Good Friday, Easter Monday, Anzac Day, Labour Day, the Sovereign's birthday, and Waitangi Day; and
  - (b) a day in the period commencing with 20 December in any year and ending with 15 January in the following year.
- (2) A reference to a numbered form is a reference to the form so numbered in the Schedule.
  - (3) Expressions not defined in these regulations but defined in the Fisheries Act 1983 or Fisheries Act 1996 have, in these regulations, the meanings defined in those Acts.

Regulation 2(1) **included species**: inserted, on 26 September 2006, by section 100(2) of the Te Arawa Lakes Settlement Act 2006 (2006 No 43).

Regulation 2(1) **Te Arawa fisheries area**: inserted, on 26 September 2006, by section 100(2) of the Te Arawa Lakes Settlement Act 2006 (2006 No 43).

### **3 Application of regulations and Treaty of Waitangi (Fisheries Claims) Settlement Act 1992**

- (1) These regulations apply to the taking of fisheries resources for customary food gathering purposes from any New Zealand fisheries waters except South Island fisheries waters.
- (2) These regulations apply only in respect of fisheries resources managed under the Fisheries Act 1983, the Fisheries Act 1996, or any regulations made under either or both of those Acts.
- (3) Any person exercising functions, duties, or powers under these regulations must do so in accordance with the provisions of the Treaty of Waitangi (Fisheries Claims) Settlement Act 1992.

Regulation 3(2): substituted, on 20 November 2008, by regulation 3 of the Fisheries (Kaimoana Customary Fishing) Amendment Regulations 2008 (SR 2008/400).

### **4 Relationship between these and other regulations**

- (1) In the event of any inconsistency between these regulations and any other regulations made under the Fisheries Act 1983 or the Fisheries Act 1996, these regulations prevail over such other regulations.
- (1A) However, these regulations do not limit any regulations made under section 74 of the Te Arawa Lakes Settlement Act 2006,

to the extent that the later regulations relate to included species in the Te Arawa fisheries area.

- (2) Until the Minister confirms a Tangata Kaitiaki/Tiaki for an area/rohe moana in accordance with regulation 9 of these regulations, regulations 27 and 27A of the Fisheries (Amateur Fishing) Regulations 1986 apply to the taking of fisheries resources for customary food gathering purposes from that area/rohe moana.
- (3) Nothing in these regulations prevails over any emergency measures imposed under section 16 of the Fisheries Act 1996.

Regulation 4(1A): inserted, on 26 September 2006, by section 100(3) of the Te Arawa Lakes Settlement Act 2006 (2006 No 43).

Regulation 4(2): amended, on 1 March 2006, by regulation 3 of the Fisheries (Kaimoana Customary Fishing) Amendment Regulations 2005 (SR 2005/342).

#### **5 Notification**

- (1) Tangata whenua may, in accordance with these regulations, manage customary food gathering within the area/rohe moana for which they are tangata whenua.
- (2) Before tangata whenua begin the management of customary food gathering under these regulations, the tangata whenua must notify the Minister of the proposed Tangata Kaitiaki/Tiaki for that area/rohe moana in form 1.
- (3) The tangata whenua may also notify the Minister in form 1 of any words in the local dialect with meanings equivalent to the terms “customary food gathering”, “Tangata Kaitiaki/Tiaki”, “fisheries resources”, or “mātaaitai reserve”.
- (4) If the notification in subclause (2) relates to a body of persons, the notification must specify positions within that body and the holders of those positions may issue authorisations under these regulations.

#### **6 Public notice**

On being notified of a proposed Tangata Kaitiaki/Tiaki under regulation 5, the Minister must, as soon as practicable but no later than 20 working days after the receipt of such a notifi-

cation, publish the details of that notification at least twice, with an interval of not less than 5 working days between each publication, in a newspaper circulating in the locality of the proposed customary food gathering area/rohe moana.

## **7 Submissions**

- (1) Within 20 working days after the date of the second publication of a notification under regulation 6, any person referred to in subclause (2) may make a submission concerning the notification to the office of the Ministry closest to the locality of the proposed customary food gathering area/rohe moana.
- (2) A person may make a submission under subclause (1) if the person is an authorised representative of—
  - (a) the tangata whenua on whose behalf the notification is made; or
  - (b) the iwi, Runanga, tribal trust board, or other organisation representing the relevant iwi interest; or
  - (c) any other whanau, hapu, or iwi claiming manawhenua manamoana in respect of customary food gathering in any part of the area/rohe moana for which the Tangata Kaitiaki/Tiaki has been notified.
- (3) The chief executive must provide to every tangata whenua that makes a notification under regulation 5 and to every person notified as Tangata Kaitiaki/Tiaki under regulation 5, a copy of every submission received and must make such submissions publicly available on request.

## **8 Dispute resolution**

- (1) This regulation applies if the Minister considers that any submission referred to in regulation 7(1) indicates a dispute regarding—
  - (a) who are tangata whenua; or
  - (b) who should be Tangata Kaitiaki/Tiaki; or
  - (c) the boundaries for the area/rohe moana concerned.
- (2) If this regulation applies, the Minister must, as soon as practicable,—
  - (a) notify the tangata whenua who made a notification under regulation 5, and any person who has made a submission, that this regulation applies; and

- (b) recommend that they agree on a dispute resolution process that is consistent with Tikanga Māori to resolve any dispute in respect of the proposed customary food gathering area/rohe moana.
- (3) Without limiting subclause (2), in resolving any dispute under that subclause, the parties may agree—
  - (a) to notify a Tangata Kaitiaki/Tiaki not previously notified in any notification of a customary food gathering area/rohe moana:
  - (b) to boundaries for the proposed customary food gathering area/rohe moana that differ from those contained in any notification of a customary food gathering area/rohe moana.
- (4) If a dispute resolution process has been concluded and no agreement is reached on the notification in accordance with this regulation, the parties must refer the dispute to an authority agreed to between the parties for settlement of the dispute.
- (5) As soon as practicable after the conclusion of the resolution process established under subclause (2)(b) or subclause (4), the tangata whenua who made the notification must advise the Minister in writing of—
  - (a) who are tangata whenua; and
  - (b) the name of the Tangata Kaitiaki/Tiaki; and
  - (c) the boundaries for the area/rohe moana concerned; and
  - (d) the resolution of any other dispute concerning the proposed customary food gathering area/rohe moana.

## **9 Confirmation of Tangata Kaitiaki/Tiaki**

- (1) The Minister must confirm the appointment of the person or persons notified as Tangata Kaitiaki/Tiaki of the proposed customary food gathering area/rohe moana if the Minister is satisfied that—
  - (a) no submission in opposition to a notification or a competing notification for a general customary food gathering area/rohe moana has been received under regulation 7; or
  - (b) a dispute resolution process has been concluded under regulation 8 and all disputes have been resolved through that process.

- (2) As soon as reasonably practicable and in any case no later than 20 working days after the appointment of any Tangata Kaitiaki/Tiaki under subclause (1), the Minister must cause to be published in a newspaper circulating in the locality of the proposed customary food gathering area/rohe moana; and in the *Gazette*, a notice—
  - (a) confirming the appointment of the Tangata Kaitiaki/Tiaki; and
  - (b) describing the boundaries of the area/rohe moana for which the Tangata Kaitiaki/Tiaki is to exercise any function under these regulations; and
  - (c) confirming who are tangata whenua of the area/rohe moana to which the appointment of the Tangata Kaitiaki/Tiaki relates; and
  - (d) notifying any local dialect words notified in accordance with regulation 5(3).
- (3) At any time during the illness or absence of any Tangata Kaitiaki/Tiaki or for any other temporary purpose, the Tangata Kaitiaki/Tiaki may, with the approval of, and for such period of time as agreed to by the tangata whenua that notified the Tangata Kaitiaki/Tiaki and with prior notification to the chief executive, delegate his or her powers under these regulations to any member of the tangata whenua of that particular customary food gathering area/rohe moana.
- (4) Non-compliance with any time period specified in regulation 6 or this regulation does not prevent the Minister appointing a Tangata Kaitiaki/Tiaki.

#### **10 Cancellation of appointment**

- (1) The Minister must cancel the appointment of any Tangata Kaitiaki/Tiaki appointed under regulation 9 on receipt of a request in writing from—
  - (a) the tangata whenua who notified the Tangata Kaitiaki/Tiaki who was confirmed in accordance with regulation 9(2)(c); or
  - (b) the Tangata Kaitiaki/Tiaki of the area/rohe moana concerned.
- (2) If the appointment of a Tangata Kaitiaki/Tiaki is cancelled in accordance with subclause (1), the Minister must appoint an-

other Tangata Kaitiaki/Tiaki notified by the tangata whenua who notified the Tangata Kaitiaki/Tiaki who was confirmed in accordance with regulation 9(2)(c).

- (3) The chief executive must cause to be published in a newspaper circulating in the locality of the relevant customary food gathering area/rohe moana, and must notify in the *Gazette*—
  - (a) the cancellation of any appointment of a Tangata Kaitiaki/Tiaki under subclause (1); and
  - (b) the appointment of any new Tangata Kaitiaki/Tiaki under subclause (2).
- (4) A cancellation of an appointment notified under subclause (3) takes effect from a date to be specified in the *Gazette* notice.

*Powers of Tangata Kaitiaki/Tiaki in respect of  
general customary food gathering*

**11 Power to authorise taking of fisheries resources for  
customary food gathering**

- (1) A Tangata Kaitiaki/Tiaki appointed under these regulations may authorise any individuals, in accordance with this regulation, to take any fish, aquatic life, or seaweed for customary food gathering purposes from within the whole or any part of the area/rohe moana, for which the Tangata Kaitiaki/Tiaki has been appointed.
- (2) An authorisation made under subclause (1) may require that the taking of fisheries resources is consistent with the tikanga of the tangata whenua of that customary food gathering area/rohe moana.
- (3) No authorisation made under subclause (1) has any effect unless it has been made in form 2, and specifies—
  - (a) the date or dates that the species may be taken; and
  - (b) the persons who are authorised to take the species; and
  - (c) the species that may be taken; and
  - (d) the quantity of each species that may be taken; and
  - (e) size limits relating to each species to be taken; and
  - (f) the method by which each species may be taken; and
  - (g) the area or areas in which the species may be taken; and
  - (h) the purpose for which the species may be taken; and
  - (i) the venue at which the catch may be used; and

- (j) any other matters concerning customary food gathering the Tangata Kaitiaki/Tiaki may reasonably specify, including instructions for the disposal of any fish, aquatic life, or seaweed taken as an inevitable consequence of taking the fish, aquatic life, or seaweed to which the authorisation relates.
- (4) Despite subclause (2), if the Tangata Kaitiaki/Tiaki and the chief executive agree to a process and form of authorisation other than that prescribed in subclause (2) (which may include, but is not restricted to, the granting of oral authorisations), that process and form of authorisation replaces that prescribed in subclause (2) from an agreed date and for the area/rohe mana described in regulation 9(2)(b), and every authorisation made in that form has the same effect as an authorisation made under subclause (1).
- (5) Any authorisation granted under subclause (4) must specify the matters referred to in paragraphs (a) to (j) of subclause (3).
- (6) The holder of an authorisation granted under subclause (1) must produce it when reasonably requested to do so by a fishery officer.
- (7) Any person to whom an authorisation is granted under subclause (4) must provide details which verify that authorisation when reasonably requested to do so by a fishery officer.
- (8) A Tangata Kaitiaki/Tiaki must not accept payment of any kind in exchange for an authorisation.

**12 Record of authorisation to be shown to fishery officer**

If a fishery officer has reasonable cause to suspect an offence has been committed against these regulations, on request by that fishery officer, every record of an authorisation granted under regulation 11 must be shown by the Tangata Kaitiaki/Tiaki who granted it to that officer.

**13 Commercial fishing and customary fishing on same trip**

If, on any fishing trip, a person takes fish, aquatic life, or seaweed for customary food gathering purposes under an authorisation under regulation 11 and also takes fish, aquatic life, or seaweed for commercial purposes under a fishing permit is-

sued under the Fisheries Act 1983 or the Fisheries Act 1996, all fish, aquatic life, or seaweed taken on that trip for customary food gathering purposes must be treated as having been taken otherwise than under these regulations unless they are placed in separate, marked containers and are clearly identified as having been taken for customary food gathering purposes.

*Participation of Tangata Kaitiaki/Tiaki in  
fisheries management*

**14 Sustainability measures**

Any Tangata Kaitiaki/Tiaki may provide input to and participate in the process of setting or varying sustainability measures, or developing management measures concerning the whole or any part of the area/rohe moana for which that Tangata Kaitiaki/Tiaki has been appointed.

**15 Information provided**

- (1) Within 1 month after the end of each quarter in each calendar year, a Tangata Kaitiaki/Tiaki, or such other person as agreed between the tangata whenua and the Ministry under regulation 39, must provide, in form 3, for the sole purpose of setting or varying sustainability measures or developing management controls, a summary of information collected under regulations 35 and 36.
- (2) The information in subclause (1) must be provided to the office of the Ministry closest to the customary food gathering area/rohe moana for which the Tangata Kaitiaki/Tiaki or agreed person has been appointed.
- (3) In making any decision under section 21 of the Fisheries Act 1996, the Minister must have regard to information provided under this regulation or provided by any Tangata Kaitiaki/Tiaki under regulation 14.

**16 Iwi planning document**

- (1) Any Tangata Kaitiaki/Tiaki may prepare a management plan or strategy for the area/rohe moana for which that Tangata Kaitiaki/Tiaki has authority.

- (2) When a plan is prepared by a Tangata Kaitiaki/Tiaki and that plan is agreed to be authorised by the tangata whenua of the area/rohe moana for which the Tangata Kaitiaki/Tiaki was appointed, the plan—
- (a) may be treated as a planning document recognised by an iwi authority for the purposes of the Resource Management Act 1991, if it meets the requirements of that Act;
  - (b) must be taken into account by the Minister for the purposes of section 10(b) of the Treaty of Waitangi (Fisheries Claims) Settlement Act 1992.

**17 Honorary fishery officers**

Any Tangata Kaitiaki/Tiaki may nominate any person to the chief executive to be appointed as an honorary fishery officer under the Fisheries Act 1996.

*Mātaaitai reserves*

**18 Application for mātaaitai reserves**

- (1) The persons referred to in subclause (3) may apply to the Minister from time to time, in form 4, for a mātaaitai reserve in respect of any part of the area/rohe moana for which they are the tangata whenua or Tangata Kaitiaki/Tiaki.
- (2) The application must include the name of the person or persons being notified as the Tangata Kaitiaki/Tiaki for the mātaaitai reserve.
- (3) The persons who may apply under subclause (1) are—
- (a) the tangata whenua who notified the Tangata Kaitiaki/Tiaki confirmed under regulation 9(2)(c); or
  - (b) the Tangata Kaitiaki/Tiaki appointed under regulation 9.
- (4) Where the notification in subclause (1) relates to a body of persons the applications must specify the positions within that body the holders of which may issue authorisations under these regulations.

**19 Notification of application**

- (1) No later than 20 working days after receipt of any application under regulation 18, the Minister must cause notice of the application to be published at least twice, with an interval of not less than 5 working days between each publication, in a newspaper circulating in the locality of the proposed mātaimai reserve.
- (2) The notice must invite written submissions to be made by the local community, and must allow a minimum of 20 working days for such submissions to be made.

**20 Consultation**

- (1) As soon as reasonably practicable, and in any case no later than 20 working days after the closing date for receiving submissions under regulation 19, the Minister must cause notice of a meeting to be published at least twice with an interval of not less than 5 working days between each publication, in a newspaper circulating in the locality of the proposed mātaimai reserve.
- (2) The Minister and the tangata whenua applying for the proposed mātaimai reserve must together consult with the local community at the meeting.
- (3) After consultation with the local community, the tangata whenua may amend an application made under regulation 18, and advise the Minister of any amendments to the application.

**21 Public notification**

- (1) The Minister must, as soon as practicable after completion of the requirements of regulation 20(2) or regulation 20(3), as the case may be, notify the details of the application for a mātaimai reserve in a newspaper circulating in the locality of that proposed reserve.
- (2) The public notification in subclause (1) must invite written submissions to be made within a time specified in the notice (such time being not less than 20 working days after the date of the notice) by persons having a fishing interest in the stock or stocks in the area specified in the application.

## **22 Minister to advise tangata whenua**

As soon as practicable after submissions have been made in accordance with regulation 21, the Minister must—

- (a) advise the tangata whenua of any submissions; and
- (b) discuss with the tangata whenua any conditions on the mātaimitai reserve that the Minister considers may be necessary to address issues raised by those submissions.

## **23 Declaration of mātaimitai reserve**

(1) Subject to regulations 20, 21, and 22, the Minister must, by notice in the *Gazette*, declare an area to be a mātaimitai reserve if satisfied that—

- (a) there is a special relationship between tangata whenua making the application and the proposed mātaimitai reserve; and
- (b) the general aims of management specified on the application under regulation 18 are consistent with the sustainable utilisation of the fishery to which the application applies; and
- (c) the proposed mātaimitai reserve is an identified traditional fishing ground and is of a size appropriate to effective management by tangata whenua; and
- (d) the Minister and the tangata whenua are able to agree on suitable conditions (if any) to address issues raised by submissions, for the proposed mātaimitai reserve; and
- (e) the mātaimitai reserve will not—
  - (i) unreasonably affect the ability of the local community to take fish, aquatic life, or seaweed for non-commercial purposes; or
  - (ii) prevent persons with a commercial interest in a species taking their quota entitlement or annual catch entitlement (where applicable) within the quota management area for that species; or
  - (iii) unreasonably prevent persons with a commercial fishing permit for a non-quota management species exercising their right to take fisheries resources under their permit within the area for which that permit has been issued; or

- (iv) unreasonably prevent persons taking fish, aquatic life, or seaweed for non-commercial purposes within the fisheries management area or quota management area to which the mātaítai reserve relates; and
  - (f) the proposed mātaítai reserve is not a marine reserve under the Marine Reserves Act 1971.
- (2) If the Minister considers that an application for a mātaítai reserve under regulation 18 does not meet 1 or more of the criteria in subclause (1), the Minister must decline the application as soon as reasonably practicable and, in any case no later than 30 working days after the date of the Minister's decision to decline the application, the Minister must notify the applicant in writing of the decision and the reasons for the decision.
- (3) If the Minister declares a mātaítai reserve under subclause (1), the Minister must cause an appropriate notice to be published in the *Gazette* as soon as possible.
- (4) Non-compliance with any time period in regulation 19, or regulation 20, or regulation 21 does not prevent the Minister declaring a mātaítai reserve in accordance with this regulation.

#### **24 Appointment of Tangata Kaitiaki/Tiaki for mātaítai reserve**

- (1) The Minister must appoint the Tangata Kaitiaki/Tiaki notified on the approved form under regulation 18 for the mātaítai reserve declared under regulation 23.
- (2) At any time during the illness or absence of any Tangata Kaitiaki/Tiaki or for any other temporary purpose, the Tangata Kaitiaki/Tiaki may, with the approval of and for such period of time as agreed to by the tangata whenua who notified the Tangata Kaitiaki/Tiaki under regulation 18(2) and on prior notification to the chief executive, delegate his or her powers under these regulations to any member of the tangata whenua of that particular mātaítai reserve.

**25 Notification of mātaimai reserve and Tangata Kaitiaki/Tiaki**

  - (a) develop a management strategy to sustainably manage the customary food gathering area/rohe moana; and
  - (b) assess whether any existing bylaws are inconsistent with the management strategy.

  - (a) cancel or amend, by notice in the *Gazette*, any inconsistent bylaws; and
  - (b) require the Tangata Kaitiaki/Tiaki, by notice in writing, to observe the management strategy until such time as the Minister, after consultation with the tangata whenua, is satisfied that any fisheries resources are being managed in accordance with the principles of sustainable utilisation of those fisheries resources.
- (5) If the Minister requires the Tangata Kaitiaki/Tiaki to observe a management strategy under subclause (3), no restriction or prohibition or bylaws may be made under regulation 28 that are inconsistent with that management strategy.
- (6) If any Tangata Kaitiaki/Tiaki fails to follow a management strategy provided under subclause (3), the Minister must, by notice in the *Gazette*, notify the tangata whenua referred to in subclause (3)(a), and may cancel the appointment of that Tangata Kaitiaki/Tiaki.

  - (b) the appointment of any new Tangata Kaitiaki/Tiaki under subclause (7).

## **Notes**

### **1 *General***

This is a reprint of the Fisheries (Kaimoana Customary Fishing) Regulations 1998. The reprint incorporates all the amendments to the regulations as at 20 November 2008, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that have yet to come into force or that contain relevant transitional or savings provisions are also included, after the principal enactment, in chronological order.

### **2 *Status of reprints***

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

### **3 *How reprints are prepared***

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked are omitted. For a detailed list of the editorial conventions, *see*

<http://www.pco.parliament.govt.nz/legislation/reprints.shtml>  
or Part 8 of the *Tables of Acts and Ordinances and Statutory Regulations, and Deemed Regulations in Force*.

#### **4 Changes made under section 17C of the Acts and Regulations Publication Act 1989**

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
  - indentation
  - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)
- position of the date of assent (it now appears on the front page of each Act)

- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
  - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
  - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
