## Notice

### 1 Title

This notice is the Land Transport (Approved Laboratory and Analyst in Charge) Notice 2000.

### 2 Commencement

This notice comes into force on 20 October 2000.

### 3 Definition

In this notice, **principal Act** means the Land Transport Act 1998.

### 4 Laboratory approved for analysing blood specimens

The laboratory of the Institute of Environmental Science and Research Limited situated at Kenepuru Drive, Porirua is approved for the purposes of analysing blood specimens taken for the purposes of the principal Act.

### 5 Laboratory approved for supply of blood specimen collecting kits

The laboratory of the Institute of Environmental Science and Research Limited situated at Kenepuru Drive, Porirua is approved for the purpose of supplying or causing to be supplied blood specimen collecting kits.

### 6 Analyst in charge

Stephen John Cordiner, PhD, is designated as the analyst in charge of the approved laboratory referred to in clause 4.

Clause 6: amended, on 29 June 2013, by clause 4 of the Land Transport (Approved Laboratory and Analyst in Charge) Amendment Notice 2013 (SR 2013/234).

### 7 Withdrawal of approvals of laboratory

The following approvals are withdrawn:

- (a) the approval of the laboratory of the Institute of Environmental and Research Science Limited at Gracefield Road, Lower Hutt as an approved laboratory for the purposes of analysing blood specimens taken for

the purposes of the principal Act, effected by clause 2 of the Transport (Approved Laboratory and Analyst in Charge) Notice 1993 (which notice, by virtue of section 218(2) of the principal Act, is to be treated as a notice under section 2 of the principal Act); and

- (b) the approval of that laboratory as an approved laboratory for the purpose of supplying or causing to be supplied blood specimen collecting kits, effected by clause 3 of that notice.

## **8 Consequential revocations**

The following notices are revoked:

- (a) Transport (Approved Laboratory and Analyst in Charge) Notice 1993 (SR 1993/375);
- (b) Transport (Approved Laboratory and Analyst in Charge) Amendment Notice 1999 (SR 1999/16);
- (c) Transport (Approved Laboratory and Analyst in Charge) Amendment Notice 2000 (SR 2000/126).

## **9 Saving**

- (1) This subclause applies to a package if—
  - (a) it is a package having endorsed on it or affixed to it or included in it a label indicating that it is a blood specimen collecting kit and that it has been supplied by or on behalf of a laboratory for the time being approved by the Minister of Research, Science and Technology (whether under that title, or under the title of Science Minister) for the purpose of supplying or causing to be supplied blood specimen collecting kits; and
  - (b) the label was endorsed on it or affixed to it or included in it before the commencement of this notice.
- (2) The status as a blood specimen collecting kit within the meaning of section 2(1) of the principal Act of any package to which subclause (1) applies is not intended to be affected by—
  - (a) the withdrawal of approval effected by clause 7; or
  - (b) the revocations effected by clause 8.

Dated at Wellington this 16th day of August 2000.

Pete Hodgson,  
Minister of Research, Science and Technology.

## **Notes**

### **1 *General***

This is a reprint of the Land Transport (Approved Laboratory and Analyst in Charge) Notice 2000. The reprint incorporates all the amendments to the notice as at 29 June 2013, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, *see* <http://www.pco.parliament.govt.nz/reprints/>.

### **2 *Status of reprints***

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

### **3 *How reprints are prepared***

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked

are omitted. For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

#### **4 Changes made under section 17C of the Acts and Regulations Publication Act 1989**

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
  - indentation
  - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
  - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
  - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
