Part 1A

Charges for use of electronic certification system

Schedule Part 1A: inserted, on 1 September 2014, by regulation 4(2) of the Animal Products (Dairy Industry Fees and Charges) Amendment Regulations 2014 (LI 2014/206).

- For industry users that access the Ministry's electronic certification system, charges based on the following formula are payable in respect of each database request and each second of time spent on the server:

(cost per request + cost per second) × appropriate percentage

where—

cost per request is the amount fixed from time to time by the Director-General by notice under section 167(1)(ma) of the Animal Products Act 1999 for each database request, having regard to clause 2

cost per second is the amount fixed from time to time by the Director-General by notice under section 167(1)(ma) of that Act for each second of time on the server, having regard to clause 2

appropriate percentage is—

- (a) for industry users of a class for which recognised agency use of the electronic certification system is not required, 55%:
 - (b) for all other industry users, 100%.
- 2 In setting any cost per request or cost per second, the aim is for these costs to reflect usage of the electronic certification system for the relevant year or other period, with regular updating if appropriate.
- 3 This Part applies to all users of the electronic certification system.

Part 2

Fee for services of certification and reconciliation

Schedule Part 2: added, on 1 January 2009, by regulation 4(3) of the Animal Products (Dairy Industry Fees and Charges) Amendment Regulations 2008 (SR 2008/377).

1 Quarterly fee payable by holder of export licence

- (1) A fee is payable for services of certification and reconciliation provided by the New Zealand Food Safety Authority in relation to the regulated control scheme described in regulation 3 of the Animal Products (Regulated Control Scheme—Dairy Export Quota Products) Regulations 2008 (**services**).
- (2) The holder of an export licence on 1 July, 1 October, 1 January, or 1 April must pay the fee on that date (**payment date**).
- (3) The fee is calculated as follows:

$$\text{Fee} = \frac{\text{amount to recover for year}}{4} \times \frac{\text{holder's allocated quantity}}{\text{total allocated quantity}}$$

where—

amount to recover for year is the amount, as determined by the New Zealand Food Safety Authority, that needs to be recovered to fund the services in relation to all holders of export licences for the financial year in which the payment date falls (inclusive of goods and services tax)

holder's allocated quantity	is the total quantity (in tonnes) of all products in all designated markets for which the holder holds an export licence on the payment date
total allocated quantity	is the total quantity (in tonnes) of all products in all designated markets for which all holders hold export licences on the payment date.

2 Interpretation

In this schedule, **designated market**, **export licence**, and **holder** have the same meaning as in section 5(1) of the Dairy Industry Restructuring Act 2001.

Clerk of the Executive Council.
