  - (b) as if a state of emergency was in force for the Kate Valley landfill in the Hurunui district.
- (2) An activity to which this subclause applies is one undertaken by a person in relation to the Kate Valley landfill in the Hurunui district—

- (4) Subclause (3) applies instead of section 330B(3) of the Act.
- (5) In this clause, **Director** and **Group Controller** have the meanings given in section 4 of the Civil Defence Emergency Management Act 2002.

## Explanatory note

*This note is not part of the order, but is intended to indicate its general effect.*

This Order in Council is made under the Canterbury Earthquake Response and Recovery Act 2010 and its effect is temporary. The order amends the Canterbury Earthquake (Resource Management Act) Order 2010 (the **principal order**). The order is deemed to have come into force on 22 February 2011 and expires in accordance with the principal order (being the close of 31 March 2012).

In *clauses 4, 5, and 6*, the order substitutes certain time periods as follows:

- the time period in clause 6 of the principal order for the expiry of resource consents held by one of the local authorities and the date specified for compliance; and
- the time period in clause 9 of the principal order during which those local authorities are exempt from the obligation to pay a discount; and
- the time period in clause 10 of the principal order during which certain requirements on those local authorities are relaxed.

The time frames substituted by this order are additional to the time frames already provided for in the principal order.

In addition, the order,—

- in *clause 7(1)*, clarifies that the modified requirements for the exercise of emergency powers in the principal order apply to the exercise of powers under sections 330 and 330B of the Resource Management Act 1991 (the **Act**); and
- in *clause 7(2)*, clarifies how the notification requirements in the principal order are modified if property has to be entered, as a response to the earthquake, when the occupier is not present; and
- in *clause 8*, introduces *new clause 15*. This clause extends the exemption given in relation to the Kate Valley landfill at Hurunui by the Canterbury Earthquake (Civil Defence Emergency Management Act) Order (No 2) 2010, by deeming an activity undertaken in response to the directions of certain persons—
  - to be in accordance with section 330B(1) and (2) of the Act, meaning that consents are not required for the operation of the landfill during the period for which the order is in force; and
  - as if the area to which the state of emergency applies included the location of the landfill.

*New clause 15(4)*, provides that *new subclause (3)* applies instead of section 330B(3) of the Act. The effect of this is to modify the requirements of section 330B(3) of the Act as to the obligation to obtain consent for activities with continuing effects, so that the obligation only applies where there are continuing effects after the expiry of the principal order.
