6 When wholesale gas levy is due

The wholesale gas levy for a month is due and payable on the 20th day of that month.

7 Information to be supplied with wholesale gas levy payment

- (1) In order to ensure that the amount of levy paid is correct, every industry participant who is liable to pay a wholesale gas levy for a month must supply to GIC a written return stating the

total number of gigajoules of gas that the industry participant purchased during the previous month from—

- (a) all gas producers; and
 - (b) those gas producers, as described in regulation 5(3), who have purchased the gas from other gas producers.
- (2) The industry participant must supply the return no later than the due date for payment of the levy for that month or on any later date agreed by GIC.

8 Liability to pay retail gas levy

- (1) Every gas retailer who is an industry participant on the last day of any month in the period June 2012 to May 2013 (inclusive) (**date A**), must pay to GIC a retail gas levy for the month that begins on the first day of the following month, calculated in accordance with subclause (2).

Rebecca Kitteridge,
Clerk of the Executive Council.

Explanatory note

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations, which come into force on 1 July 2012, impose levies on gas industry participants. The levies fund the costs of the Gas Industry Company Limited in performing functions and duties and exercising powers, including the cost of collecting the levies. The Gas Industry Company Limited is the approved industry body under the Gas Act 1992.

The 2012/13 levies are—

- a wholesale gas levy of 1.74 cents for every gigajoule of gas purchased from gas producers, calculated monthly on the basis of the buyer's purchases in the previous month and payable monthly. The levy is not payable on gas supplied from gas producers who have purchased the gas from other gas producers. This year's levy rate is an increase from the rate of 1.66 cents per gigajoule that applied in the 2011/12 financial year:
- a retail gas levy of 51.92 cents per month (which is the annual levy rate of \$6.23 divided by 12) for each installation control point to which the retailer has a contract to supply gas (as recorded on the registry under the Gas (Switching Arrangements) Rules 2008) as at the last day of the previous month. This year's levy rate is an increase from the rate of 48 cents per month that applied in the 2011/12 financial year.

The levies are exclusive of goods and services tax.

Notes

1 *General*

This is a reprint of the Gas (Levy of Industry Participants) Regulations 2012. The reprint incorporates all the amendments to the regulations as at 1 July 2013, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, see <http://www.pco.parliament.govt.nz/reprints/>.

2 *Status of reprints*

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

3 *How reprints are prepared*

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked

are omitted. For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

4 Changes made under section 17C of the Acts and Regulations Publication Act 1989

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
 - indentation
 - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
 - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
 - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
