*This note is not part of the regulations, but is intended to indicate their general effect.*

The principal regulations prescribe the rates of motor vehicle levy, motorcycle safety levy, and fuel levy. These regulations replace regulation 6 of the principal regulations. Regulation 6 specifies the annual motor vehicle levy payable for a light passenger vehicle listed in Schedule 2 of the principal regulations. These regulations make small adjustments to the annual motor vehicle levies for all specified categories of light passenger vehicle. The adjustments to the levy payable on registering a light passenger vehicle range from a decrease in the levy per vehicle of \$1.49 to an increase of \$0.62.

The principal regulations, as made on 18 April 2017, are accompanied by a detailed explanatory note and information relating to the regulatory impact statement supporting those regulations.
