An Act to constitute the Rangitaiki Drainage District and to provide for its administration by a Board of Trustees under the Land Drainage Act 1908

1 Short Title and commencement

- (1) This Act may be cited as the Rangitaiki Land Drainage Act 1956, and shall be read together with and deemed part of the Land Drainage Act 1908 (hereinafter referred to as “the principal Act”).
- (2) This Act shall come into force on 1 April 1957.

2 Interpretation

In this Act—

Board means the Board of Trustees for the district constituted under this Act

district means the Rangitaiki Drainage District constituted under this Act.

3 Application of Land Drainage Act 1908

In its application to the Rangitaiki Drainage District and the Rangitaiki Drainage Board the principal Act shall be read subject to the provisions of this Act.

Rangitaiki Drainage District

4 Rangitaiki Drainage District constituted

The land described in Schedule 1 is hereby declared to be a drainage district for the purposes of the principal Act under the name of the Rangitaiki Drainage District as if it had been so constituted under the provisions of section 3 of the principal Act.

Rangitaiki Drainage Board

5 Rangitaiki Drainage Board constituted

- (1) There shall be a Board of Trustees for the district under the name of the Rangitaiki Drainage Board.
- (2) Notwithstanding anything in the principal Act, the first Board of Trustees for the district shall be appointed by the Minister of Lands by notice in the *Gazette*, and the Board shall comprise such number of trustees as the Minister thinks fit.
- (3) The first members of the Board may be so appointed at any time after the passing of this Act, and shall come into office on the commencement of this Act or on the date of appointment, whichever is the later.
- (4) No person shall be so appointed a member of the Board unless, if an election of members were held, he would be qualified under the principal Act to be elected as a member of the Board.
- (5) The members of the Board so appointed, unless they sooner vacate their office, shall hold office until the members of the

Board elected at the first triennial election of members of Drainage Boards held after the commencement of this Act come into office:

provided that the Minister of Lands may at any time, by notice in the *Gazette*, revoke the appointments of all the members of the Board appointed by him, and thereupon a general election of the members of the Board shall be held. The provisions of section 5 of the principal Act shall apply to that election as if a new district had been constituted under that Act.

- (6) The number of members of the Board to be elected at the first general election of members of the Board shall be fixed by the Governor-General by Order in Council.

6 Extraordinary vacancies

Notwithstanding anything in section 10 of the principal Act, if any trustee, whether appointed by the Minister of Lands or elected as a member of the Board,—

- (a) dies; or
- (b) becomes incapable of acting; or
- (c) by writing addressed to the chairman resigns his office as trustee; or
- (d) ceases to reside permanently in New Zealand; or
- (e) is absent without leave from 3 consecutive meetings of the Board,—

his office shall be deemed to be vacated, and the Board may by resolution appoint some qualified person to be a trustee in his stead. The person so appointed, unless he sooner vacates his office, shall hold office as trustee for so long only as his predecessor would have held office had he remained a trustee.

Vesting of assets in the Board

7 Land, drainage works, etc, to vest in the Board

- (1) Upon the execution by the Board and delivery to the Minister of Lands of the debenture referred to in section 8, all the lands, easements and other interests in land, drains, pumps, machinery, tools, implements, and drainage works owned by the Crown in respect of the drainage system carried on by the Crown at the commencement of this Act on the land described

in Schedule 1 shall vest in and become the property of the Board.

- (2) The decision of the Minister of Lands as to what assets have vested in the Board under subsection (1) shall be final.
- (3) A notice in the *Gazette* by the Minister of Lands specifying that any land, easement, or other interest in land has vested in the Board under subsection (1) shall be conclusive evidence of that vesting to the District Land Registrar, and shall be sufficient authority to him to issue a certificate of title to the land in the name of the Board and to make such memorials in the Register Book and on any instrument of title as are necessary to record the vesting in the Board of any such easement or other interest.

8 Board to execute debenture in favour of the Crown

- (1) As soon as the members of the first Board of Trustees constituted under this Act come into office, the Board shall execute in favour of Her Majesty the Queen a debenture securing to Her Majesty the sum of 135,000 pounds, together with interest thereon as from the date on which those members came into office at the rate of 4 pounds per cent per annum, by 30 annual instalments each of 7,807 pounds 1 shilling and 4 pence.
- (2) That debenture shall be in a form approved by the Minister of Lands, and shall be secured over, and be a first charge on, all property both real and personal whatsoever and wheresoever at any time owned by the Board and all revenues of the Board from any source and all rates payable to the Board: provided that the debenture shall not be secured over any special rates made as security for any special loans raised by the Board.

Special powers of the Board

9 Subdivision of district

- (1) Without limiting the powers of the Board under sections 16 and 31A of the principal Act, the Board may from time to time for the purpose of the better carrying out of drainage works and to facilitate the general administration of the principal Act in the district, by special order made on the petition of not less

than half in number of the occupiers of the rateable property in any particular area of the district or on the petition of the occupiers of not less in the aggregate than half of the rateable property in any particular area of the district,—

- (a) constitute that area a subdistrict, to be known by a distinctive name, in which drainage works of a general nature may be carried out; or
 - (b) constitute that area a subdivision, to be known by a distinctive number or name, within which, in addition to drainage works of a general nature, pumping schemes may be installed, maintained, and operated. Any such subdivision may be wholly within the boundaries of any subdistrict, or may be partly in one subdistrict and partly in another or others.
- (2) Notwithstanding the constitution of any subdistrict or subdivision under this section, all rateable property therein shall continue to be liable as part of the district to all rates levied from time to time on the whole district under section 31 of the principal Act.
 - (3) The Board may at any time abolish any such subdistrict or subdivision by special order made on the petition of not less than half in number of the occupiers of the rateable property in the subdistrict or subdivision or on the petition of the occupiers of not less in the aggregate than half of the rateable property in the subdistrict or subdivision.
 - (4) Notwithstanding anything to the contrary in the principal Act or in any other Act, any rate made and levied on lands in any subdivision in respect of any expenditure incurred in installing and operating pumping schemes, and administration and maintenance expenses, and interest in respect thereof, may be made and levied on an area basis.

Section 9(4): inserted, on 24 October 1957, by section 2 of the Rangitaiki Land Drainage Amendment Act 1957 (1957 No 66).

Section 9(4): amended, on 8 November 1974, by section 2(4) of the Land Drainage Amendment Act 1974 (1974 No 93).

10 Special provisions as to lands near the Tarawera River

- (1) The Board may from time to time, by notice in writing given to the occupier of any land within the district and situated near

the Tarawera River, prohibit the construction of drains on the land or on such part thereof as may be specified in the notice, and also prohibit any other interference with the surface of the land or part thereof that may cause or be likely to cause the escape or seepage of water from that river. The decision of the Board as to whether or not any land is near the Tarawera River for the purposes of this section shall be final.

- (2) A notice to any occupier under this section may be given by delivering it to him personally, or by posting it upon a conspicuous part of the land and posting a copy thereof by registered letter addressed to the occupier at his last known place of abode or business in New Zealand, or to the agent or representative of the occupier. A notice so posted shall be deemed to have been given at the time when the registered letter would in the ordinary course of post be delivered.
- (3) Any notice given under this section may be at any time in like manner amended or revoked.
- (4) Every person who does or causes or permits to be done any act prohibited by a notice given to him under this section commits an offence and is liable on conviction to a fine not exceeding 100 pounds.
- (5) The Board may from time to time do such things as it deems necessary for the purposes of filling in any drain on any land in respect of which a notice has been given under this section and of remedying any other interference with the surface of any such land, whether the drain was constructed or the interference was made before or after the commencement of this Act or before or after the giving of the notice.
- (6) For the purposes of this section the Board and all persons authorised by it in that behalf may enter upon and pass over any land within the district, with or without vehicles, and may take from any land in the immediate vicinity such spoil as may be required.
- (7) Every person suffering any damage from the exercise of any of the powers conferred on the Board by subsection (6) shall be entitled to full compensation therefor in accordance with the provisions of the Public Works Act 1928 relating to compensation. All such claims for compensation shall be made in

writing to the Board within 12 months from the time when the claim arose, and no claim for compensation shall be allowed unless made within that period.

- (8) All costs incurred by the Board under subsection (5) or subsection (6) in respect of any drain constructed or other interference made on any land at any time while the construction or making thereof was prohibited by a notice given under this section to the occupier of the land shall constitute a debt forthwith due and payable to the Board by that occupier, and shall be a charge on the land and may be recovered in the same manner as rates that have been validly demanded under the principal Act.
- (9) Subject to the provisions of subsection (8), all costs incurred by the Board under subsection (5) shall be deemed to be part of the expenses of the general administration of the principal Act in the district.
- (10) On the application of any owner or occupier of any land affected by a notice under this section, the Board may from time to time exempt that land or any part thereof from liability for rates under the principal Act either wholly or in part and for such period as it thinks fit, and may from time to time remit either wholly or in part any rates made and levied under the principal Act in respect of that land or any part thereof. Any exemption granted under this subsection may be at any time in like manner varied or revoked.
- (11) Except as otherwise expressly provided in this section, no compensation shall be payable under the Public Works Act 1928 or any other Act in respect of any damage suffered from the exercise of any powers conferred on the Board by this section.
- (12) Notwithstanding anything to the contrary in the Impounding Act 1955, or any other Act, and notwithstanding that any stopbank along the Tarawera River may not be on fenced land, the Board may claim and recover as a debt from the owner of any stock full satisfaction for any actual damage caused by the stock to the stopbank. For the purposes of this subsection the terms **fenced land** and **stock** have the same meanings as in the Impounding Act 1955.

Notes

1 *General*

This is a reprint of the Rangitaiki Land Drainage Act 1956. The reprint incorporates all the amendments to the Act as at 1 July 2013, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, see <http://www.pco.parliament.govt.nz/reprints/>.

2 *Status of reprints*

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

3 *How reprints are prepared*

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and

provisions that are repealed or revoked are omitted. For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

4 Changes made under section 17C of the Acts and Regulations Publication Act 1989

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
 - indentation
 - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
 - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
 - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
