- (1) Subject to this Act, every insurance company with which any property is insured against fire under any contract of fire insurance made in New Zealand in respect of any period commencing on or after 1 July 1986 shall pay a levy to the Commission.
- (2) The Governor-General may from time to time, by Order in Council, prescribe—
 - (a) the rate of the levy that shall be computed at a uniform rate per annum on every motor vehicle which is insured in terms of any contract of fire insurance, whether or not the contract specifies the sum insured; and
 - (b) the rate of the levy that shall be computed on all other property on—

- (i) the amount for which the property is insured for the period of the contract of fire insurance; and
 - (ii) the period of the contract of fire insurance:

- (2A) An Order in Council made under subsection (2) is a legislative instrument and a disallowable instrument for the purposes of the Legislation Act 2012 and must be presented to the House of Representatives under section 41 of that Act.
 - (3) The rate of the levy shall be reviewed annually by the Minister.
 - (4) In reviewing the rate of the levy the Minister shall have regard to—
 - (a) the total amount for which all properties in respect of which the levy is payable are insured at the latest available date, and the likelihood of any increase or decrease in that total amount:
 - (b) the necessity of ensuring that the amounts received by the Commission in respect of the levy in that financial year are sufficient to meet—
 - (i) the requirements of the Rural Fire Fighting Fund; and
 - (ii) the actual net expenditure that, in the case of the Commission, is required to be met by way of the proceeds of levy in terms of section 47:
 - (c) the desirability of ensuring, as far as is reasonably practicable, that any increases or decreases in the rate of the levy are designed to maintain the overall level of stability of the levy in the long term.
 - (5) For the purposes of subsection (4)(b)(ii) the Minister shall take into consideration any shortfall in the levy as determined in accordance with section 47(3).
 - (6) For the purposes of subsection (2)(b), the amount for which the property is insured for the contract of fire insurance shall be—
 - (a) in the case of residential building as defined in section 2(1) of the Earthquake Commission Act 1993, the amount for which that building is insured pursuant to section 18 of that Act:
 - (b) in the case of personal property as defined in section 2(1) of the Earthquake Commission Act 1993, the amount for which that property is insured pursuant to section 20 of that Act:
 - (c) in the case of other property, where the contract of fire insurance provides for the settlement of any claim for damage to or destruction of the property upon any basis more favourable to the insured person than its indemnity value or where there is no sum insured in the contract, be computed on the basis of the indemnity value of the property as stated by either of the following:

- (i) a declaration signed by the owner to the effect that the indemnity value declared by the owner for the purposes of the levy is a fair and reasonable indemnity value in relation to the replacement value of the property:
- (ii) a valuation certificate—
 - (A) given by a registered architect, a valuer registered under the Valuers Act 1948, an engineer with qualifications suitable for the purposes of this Act, or a quantity surveyor possessing qualifications and experience suitable for the purposes of this Act, or a plant and machinery valuer possessing qualifications and experience suitable for the purposes of this Act, being in any case a person who is competent to give such a valuation; and

- (d) in any case where the indemnity value cannot be established under paragraph (c), be computed—
 - (i) where the contract specifies the sum insured, on that sum:
 - (ii) where the contract does not specify the sum insured, in the manner determined by the Fire Service Commission.
- (6A) For the purpose of subsection (6), the insurance company shall hold for the purpose of audit under section 51 all declarations and certificates furnished to it under that subsection.
- (6B) Where the Commission considers that the indemnity value declared in respect of any property by the owner under subsection (6) is not a fair and reasonable indemnity value in relation to the replacement value of the property, the following provisions shall apply:
 - (a) the Commission shall, before the expiry of the contract, determine a fair and reasonable indemnity value and, subject to paragraph (d), the levy shall be computed on the basis of that determination:
 - (b) the Commission shall notify the owner in writing of—
 - (i) its determination; and
 - (ii) the owner's right of objection under paragraph (c):
 - (c) within 28 days after receiving the notice under paragraph (b), the owner may object in writing to the Commission's determination; and every such objection shall be supported by a valuation certificate that complies with subsection (6)(c)(ii):
 - (d) if the owner furnishes a valuation certificate under paragraph (c), the Commission shall be liable to pay 50% of the costs incurred in obtaining

the valuation, and the levy shall be computed on the basis of that valuation.

- (7) This section shall not apply to any contract of fire insurance that is limited to an excess over the indemnity value of the property or to any portion thereof which is in excess of the indemnity value.
- (8) Upon the making of any contract of fire insurance to which this section applies, the levy at the rate then declared, computed in respect of the period of the contract of fire insurance, shall thereupon become a debt due by the insurance company to the Commission.
- (9) The amount of the levy for which any insurance company at any time becomes liable under this section in respect of any contract of fire insurance shall thereupon become a debt due by the insured person to the insurance company, and may be recovered by the company accordingly. If, at any time before the debt is fully discharged, any other person becomes an insured person under the contract of fire insurance, the amount remaining unpaid shall thereupon become a debt due by that other person to the insurance company, without prejudice to the liability of any other person. Where 2 or more persons are liable for any amount under this subsection, their liability shall be joint and several.
- (10) Subject to any regulations made under this Act, the Commission may from time to time, upon and subject to such conditions as it thinks fit, release any insurance company wholly or partly from its liability in respect of the levy or part of the levy under this section which, in the opinion of the Commission, is irrecoverable by the insurance company from the insured person.
- (11) Every insurance company shall, when forwarding any statement of account or demand for premium to any insured person in respect of any contract of insurance to which the levy applies, provide in that statement of account or demand that the levy is shown in a separate distinct and identifiable fashion from any premium payable to the insurance company or any other premium, tax, or levy paid to any other person or persons including the Crown, and it shall not be lawful for any insurance company to make any payment of brokerage, agency, or commission to any person or persons whatsoever in respect of the levy.
- (12) All money received by the Commission in respect of the levy under this section shall be deemed to be income of the Commission in the financial year in which it is received, and the provisions of this Act, with any necessary modifications, shall apply accordingly.
- (13) Without limiting the general power to make regulations conferred by section 92, regulations may be made under that section for all or any of the following purposes:
 - (a) providing for and regulating the collection, receipt, and payment of money under this section:
 - (b) requiring insurance companies to make returns and keep books and accounts for the purposes of this section:

provided that in default of any such regulations and so far as such regulations do not extend, the Minister may give written directions in respect of any matter referred to in paragraph (a) or paragraph (b).
