- (2) The rights conferred by subsection (1) shall be deemed never to have been conferred if—
 - (a) the application concerned is withdrawn or lapses; or
 - (b) the Commissioner declines to make a grant in respect of that application.

Compare: 1973 No 37 s 18

- (1) The Commissioner shall—
 - (a) subject to sections 11 and 31(2), make a grant in respect of every application that is eligible for the making of a grant; and
 - (b) decline to make a grant in respect of every application that is not eligible for the making of a grant.
- (2) An application shall be eligible for the making of a grant if, and only if, the applicant has given the Commissioner all reproductive material of the variety concerned requested by the Commissioner, and the Commissioner—
 - (a) has approved for that variety a denomination proposed by the applicant; and
 - (b) is satisfied that that applicant is an owner of that variety; and
 - (c) has received the prescribed fee; and

- (d) is satisfied that that variety is new, distinct, homogeneous, and stable.
- (3) The Commissioner shall approve a proposed denomination for a variety if, and only if, in the opinion of the Commissioner, it complies with the prescribed requirements.
- (4) For the purposes of subsection (2)(d),—
- (a) subject to subsection (6), a variety is new if there has been no sale of that variety with the agreement of any relevant owner of that variety—
- (i) in New Zealand, for more than 12 months before the date on which that application was made; and
- (ii) overseas, for more than 6 years before that date in the case of a woody plant, or for more than 4 years before that date in every other case:
- (b) a variety is distinct if it is distinguishable by 1 or more characteristics from any other variety whose existence was a matter of common knowledge when the application concerned was made.
- (c) a variety is stable if, in its essential characteristics, it remains true to its description—
- (i) where the applicant concerned has described particular cycles of reproduction or multiplication for that variety, at the end of each such cycle; and
- (ii) in every other case, after repeated propagation or reproduction.
- (5) In determining, for the purposes of subsection (2)(d), whether or not the Commissioner is satisfied that a variety is homogeneous, the Commissioner shall have regard to the particular features of its sexual reproduction or vegetative propagation (whichever is applicable to it).
- (6) Where, to increase the stock of a variety or for evaluation trials or tests of a variety, its owner makes arrangements under which—
- (a) reproductive material of that variety is to be sold to or used by some other person; and
- (b) any unused portion of that reproductive material, and all the material of any sort produced from that reproductive material, is—
- (i) to be sold to that owner, by that other person; or
- (ii) otherwise to become the property of that owner,—
- for the purposes of subsection (4)(a), no account shall be taken of any sale under that arrangement of—
- (c) reproductive material of that variety by that owner to that other person; or
- (d) material of any sort of that variety by that other person to that owner.

- (7) For the purposes of subsection (2)(d), a variety does not cease to be new by virtue only of the sale at any time of—
- (a) material that is not reproductive material; or
 - (b) reproductive material disposed of for purposes other than reproduction,—
- that, having been produced during the breeding, increase of stock, tests, or trials, of that variety, is not (or no longer) required for any of those activities.
- (8) For the purposes of subsection (4)(b), the characteristics by which a variety may be distinguished from others may be morphological, physiological, or of any other kind or description, so long as those characteristics are capable of precise description and recognition.

Compare: 1973 No 37 s 15(1)

11 Varieties bred or discovered by 2 or more persons independently

Subject to section 12, where—

- (a) before a grant is made in respect of a variety, 2 or more applications in respect of that variety have been made; and
- (b) the Commissioner is satisfied that the 2 or more applicants concerned are persons who, or successors of persons who, bred or discovered that variety independently; and
- (c) the Commissioner is satisfied that, but for this section, each of those 2 or more applicants is or would be entitled to a grant in respect of that variety,—

the Commissioner shall make a grant to that one of those 2 or more applicants whose application in respect of that variety was made first.

Compare: 1973 No 37 s 13A(1), (2)

12 Priorities resulting from earlier overseas applications

Where—

- (a) any person makes an application for a grant in New Zealand in respect of a variety in respect of which that person has earlier,—
 - (i) after a convention party that is a State, part of a State, or a territory for whose international relations a State is responsible most recently became a convention party, made in and under the law of that convention party an equivalent application that has been accepted; or
 - (ii) after a convention party that is not a State, part of a State, or a territory for whose international relations a State is responsible most recently became a convention party, made under the rules of that convention party an equivalent application that has been accepted; and

- (b) that application for a grant in New Zealand is made not more than 12 months after that equivalent application (or, if more than 1 equivalent application has been made, whether in or under the rules of several convention parties, the earliest of them) was made; and
- (c) a claim for priority in relation to that equivalent application accompanies the application for a grant in New Zealand; and
- (d) within 3 months of the making of that application for a grant in New Zealand, a copy of any documents constituting that equivalent application, certified as correct by the authority to which it was made, is submitted to the Commissioner,—

sections 10(4)(b) and 11 shall apply to that application for a grant in New Zealand as if it had been made when that equivalent application was accepted.

Compare: 1973 No 37 s 13A

Section 12(a): substituted, on 14 October 1999, by section 2(3) of the Plant Variety Rights Amendment Act 1999 (1999 No 122).

Section 12(b): substituted, on 14 October 1999, by section 2(3) of the Plant Variety Rights Amendment Act 1999 (1999 No 122).

13 Cancellation of grants because of earlier overseas applications

Where—

- (a) after a grant is made to any person in respect of a variety, another person makes an application in respect of that variety; and
- (b) the Commissioner is satisfied that, if that grant had not already been made, that other person would, by virtue of section 12, be entitled to a grant in respect of that application,—

the Commissioner shall cancel that grant, and shall make a new grant to the person who would be entitled to it if the cancelled grant had never been made.

Compare: 1973 No 37 s 13A(8)

14 Date and term of grants

- (1) The Commissioner shall seal every grant with the seal of the Office, and endorse it with the date of its making.
- (2) Except as otherwise provided in this Act, every grant shall be in force for a term (commencing on the day it is made)—
 - (a) of 23 years, or any longer period specified in that behalf by the Governor-General by Order in Council (made before, on, or after the day that grant is made, but before that grant expires), in the case of a woody plant or its rootstock; and
 - (b) of 20 years in every other case;—
 and, unless sooner cancelled, shall then expire.

- (3) The Commissioner shall keep a register, and record in it the date and other prescribed particulars (if any) of every grant.

Compare: 1973 No 37 s 20

15 Objections after grant

- (1) Any person who considers that a grant has been made in respect of a variety that is not new, distinct, stable, and homogeneous (as required by section 10) may at any time, by notice in writing to the Commissioner, object to the continuation in force of that grant.
- (2) Any person who considers that a grant was made to a person who was not an owner of that variety may, by notice in writing to the Commissioner, object to the continuation in force of that grant.
- (3) An objection under subsection (2) may be accompanied by an application in respect of the variety concerned.

16 Cancellation of grants

- (1) The Commissioner may cancel a grant before the end of its term if so requested in writing by the grantee.
- (2) Subject to subsection (3), the Commissioner shall cancel a grant at any time during its term if satisfied—
- (a) that any information supplied in the application concerned or in relation to that application was incorrect and that if the correct information had been known before that grant was made, the Commissioner would have declined to make that grant; or
 - (b) that the variety concerned was not, at the time of the application concerned, new and distinct within the meaning of section 10; or
 - (c) that that variety is not stable and homogeneous within the meaning of section 10; or
 - (d) that the grantee was not, at the time that grant was made, an owner of that variety; or
 - (e) that the grantee of that variety, after being requested by the Commissioner to provide the Commissioner (within a period specified by the Commissioner) with reproductive material capable of producing that variety with its characteristics as described when the grant was made, has failed to do so; or
 - (f) that that grantee, after being requested by the Commissioner to allow the Commissioner (within a period specified by the Commissioner) to inspect the measures taken for the maintenance of that variety, or to provide documents or information in relation to that variety, has failed to do so; or

- (g) that any annual grant fee in relation to the grant has not been paid within the prescribed period.
- (h) *[Repealed]*
- (3) Before cancelling a grant under subsection (2), the Commissioner shall give the grantee written notice of intention to do so and, unless that grantee shows sufficient cause within 28 days of the date of the notice why that grant should not be cancelled, shall cancel that grant on the expiration of that period.
- (4) Where—
 - (a) the Commissioner has cancelled a grant under subsection (2)(d); and
 - (b) any application (other than the application in respect of which that grant was made) has at any time (whether before or after the making of that grant) been made in respect of the variety concerned,—

the Commissioner shall deal with all applications in respect of that variety as if that grant had never been made.

Compare: 1973 No 37 ss 13A(8), 20, 24

Section 16(2)(h): repealed, on 2 September 1996, by section 4 of the Plant Variety Rights Amendment Act 1996 (1996 No 141).

17 Rights of grantees

- (1) Subject to section 19, a grantee shall have the exclusive right—
 - (a) to produce for sale, and to sell, reproductive material of the variety concerned:
 - (b) if that variety is a plant of a type specified by the Governor-General by Order in Council for the purposes of this paragraph, to propagate that variety for the purposes of the commercial production of fruit, flowers, or other products, of that variety:
 - (c) subject to any terms and conditions that grantee specifies, to authorise any other person or persons to do any of the things described in paragraph (a) or paragraph (b).
- (2) Notwithstanding subsection (1) the Minister may, by notice in the Journal, and after ensuring that the grantee under the grant concerned will be adequately compensated, impose such restrictions on the exercise of the rights of that grantee in respect of any specified variety as the Minister thinks necessary in the public interest during a state of national emergency declared under the Civil Defence Emergency Management Act 2002.
- (3) A grant may be assigned, mortgaged, or otherwise disposed of; and may devolve by operation of law.
- (4) The rights of a grantee under a grant are proprietary rights, and their infringement shall be actionable accordingly; and in awarding damages (including any exemplary damages) or granting any other relief, a court shall take into consideration—

- (a) any loss suffered or likely to be suffered by that grantee as a result of that infringement; and
 - (b) any profits or other benefits derived by any other person from that infringement; and
 - (c) the flagrancy of that infringement.
- (5) Where there is imported into New Zealand any reproductive material of a protected variety, any propagation, sale, or use, of that material—
- (a) as reproductive material; and
 - (b) without the authority of the grantee concerned,—
- constitutes an infringement of the rights of that grantee under this section.
- (6) The importation into New Zealand,—
- (a) from a country that is not a convention party of produce of a protected variety; or
 - (b) from a convention party of produce of a protected variety in respect of which, under the law of that country, it is not possible to make the equivalent of a grant,—
- without the consent of the grantee is an infringement of the grantee's rights under this section.
- (7) The sale under the denomination of a protected variety of reproductive material of some other variety constitutes an infringement of the rights under this section of the grantee of that protected variety, unless the groups of plants to which those varieties belong are internationally recognised as being distinct for the purposes of denomination.
- (8) Where, in any proceedings for the infringement of the rights under this section of a grantee, it is proved or admitted that an infringement was committed but proved by the defendant that, at the time of that infringement, the defendant was not aware and had no reasonable grounds for supposing that it was an infringement, the plaintiff shall not be entitled under this section to any damages against the defendant in respect of that infringement, but shall be entitled instead to an account of profits in respect of that infringement.
- (9) Nothing in subsection (8) affects any entitlement of a grantee to any relief in respect of the infringement of that grantee's rights under this section other than damages.

Compare: 1973 No 37 s 22

Section 17(2): amended, on 1 December 2002, by section 117 of the Civil Defence Emergency Management Act 2002 (2002 No 33).

18 Exceptions to grantees' rights

Notwithstanding section 17, any person may—

- (a) propagate, grow, or use a protected variety, for non-commercial purposes; or
- (b) if the production of the hybrid or new variety concerned does not require repeated use of that variety,—
 - (i) hybridise, or produce a new variety from, a protected variety; or
 - (ii) sell any hybrid of, or new variety produced from, a protected variety; or
- (c) use reproductive material from a protected variety for human consumption or other non-reproductive purposes.

Compare: 1973 No 37 s 22(3)

19 Licences

The holder of a licence from a grantee shall have the same rights as that grantee to take proceedings in respect of any infringement of the rights of that grantee in respect of the variety concerned affecting the rights given under that licence and committed after it was granted.

Compare: 1973 No 37 s 10(1)

20 Notice of protection

- (1) Any person who—
 - (a) has acquired rights in respect of a variety under section 9(1) or section 17; and
 - (b) sells any reproductive material of that variety,—shall take all reasonable steps, by means of suitable labelling or other identification of that material, to inform the purchaser concerned of those rights.
- (2) In determining, for the purposes of section 17(8), whether or not any person had reasonable grounds for supposing that any action was an infringement of the rights of a grantee, a court may take into account the extent (if any) to which that grantee or, as the case requires, the licensee concerned had complied with subsection (1) of this section in respect of any material in respect of which, or in respect of material propagated from which, that infringement occurred.

21 Compulsory licences and sales

- (1) Any person may at any time after the expiration of 3 years from the making of a grant, on payment of the prescribed fee request the Commissioner to consider whether or not reasonable quantities of reproductive material of a reasonable quality of the variety concerned are available for purchase by members of the public at a reasonable price.

- (2) Where a request is made under subsection (1), the Commissioner shall give the grantee concerned notice of it and a reasonable time to be heard in relation to it, and if, after considering any submissions made to the Commissioner by that grantee within that time, the Commissioner is satisfied there are not available for purchase by members of the public at a reasonable price reasonable quantities of reproductive material of reasonable quality of the variety concerned, the Commissioner shall issue to the person who made that request one or both of the following:
 - (a) a compulsory licence for the reproduction and sale of reproductive material of that variety:
 - (b) an order requiring that grantee to sell to that person reproductive material of that variety.
- (3) In considering whether or not there are available to members of the public at a reasonable price reasonable quantities of reproductive material of reasonable quality of a variety, the Commissioner shall not take into account any reproductive material that is available only subject to the condition that all or any of the produce from that material must be sold or offered to a specified person, or to one of a specified group of persons, or to a member of a specified class or description of person.
- (4) A licence or order issued under subsection (2) shall be in writing, and sealed with the seal of the Office.
- (5) When issuing a licence or order under subsection (2), the Commissioner shall specify a royalty or payment, or a means of calculating a royalty or payment, payable by the licensee or purchaser concerned to the grantee concerned (being, in the opinion of the Commissioner, a royalty or payment that is, or a means that will produce a royalty or payment that is, in all the circumstances, equitable) and—
 - (a) it shall be a condition of that licence or order that that licensee or purchaser shall pay to that grantee that royalty or payment or a royalty or payment so calculated (as the case requires); and
 - (b) that licence or order shall be subject to any other terms and conditions the Commissioner thinks fit.
- (6) A licence or order issued under subsection (2) shall have effect according to its tenor as if it were a contract voluntarily entered into by the grantee and the other person concerned.
- (7) Subject to the provisions of this Act, the Commissioner may at any time—
 - (a) on the application of any person; and
 - (b) if the Commissioner thinks it appropriate,—
limit, vary, extend, or revoke, a licence or order issued under subsection (2).

- (8) As soon as is possible after issuing a licence or order under subsection (2), or limiting, varying, extending, or revoking, any such licence or order, the Commissioner shall publish in the Journal brief details of the action taken.

Notes

1 General

This is a reprint of the Plant Variety Rights Act 1987. The reprint incorporates all the amendments to the Act as at 1 July 2013, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, see <http://www.pco.parliament.govt.nz/reprints/>.

2 Status of reprints

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

3 How reprints are prepared

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked are omitted. For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

4 Changes made under section 17C of the Acts and Regulations Publication Act 1989

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted

enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted.

A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
 - indentation
 - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)
- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
 - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
 - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)

- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
