Grants for health research

31 Consideration of applications

- (1) Where an application for a grant for the purposes of health research is made to the Council, the Council—
 - (a) shall refer that application to a research committee so that a scientific assessment of the health research may be made by that research committee; and
 - (b) shall refer that application to the Ethics Committee so that that Committee may make, or arrange for the making of, an independent ethical assessment of the health research.
- (2) No application shall be granted unless the Council considers, after having regard to the scientific assessment made by the research committee to which the application was referred under subsection (1)(a) and to the independent ethical assessment made pursuant to subsection (1)(b), that—
 - (a) the scientific design of the proposed research is sound; and
 - (b) the study is both relevant and feasible given the available resources; and
 - (c) the research is ethically acceptable.
- (3) The Council shall have regard to the effect that its decisions on applications for grants for the purpose of health research may have on the future availability of research providers.
- (4) Within the general policy of the Government in relation to health research, the Council shall be responsible for identifying and setting priorities for undertaking health research, and in undertaking this task it shall take into account the views of the Minister, the Ministry of Health, the community, and researchers.

Section 31(4): amended, on 1 July 1993, pursuant to section 38(3) of the Health Amendment Act 1993 (1993 No 24).

32 Reports on research

- (1) Every person who or organisation which receives a grant under this Act shall make available to the Council such information as the Council from time to time requires for the purpose of monitoring and evaluating the progress and outcome of the research.
- (2) Information made available pursuant to a requirement under subsection (1) shall be referred by the Council to—
 - (a) the research committee that made, in respect of the health research, the scientific assessment required by section 31(1)(a); and

- (b) the Ethics Committee; and
 - (c) any committee that made, in respect of the health research, the independent ethical assessment required by section 31(1)(b).
- (3) Those evaluations shall be taken into consideration when any future application by the grantee to the Council for a grant for the purposes of health research is being considered.

33 Availability of results of research

The Council shall make the results of the research it funds available to any interested person or organisation.

34 Liaison with other organisations

- (1) The Council shall develop close and supportive relationships with any charitable, private, or other organisations that fund health research.
- (2) For the purpose of subsection (1), the Council shall set up formal mechanisms of liaison to develop a national health research strategy for New Zealand.
- (3) The Council may make available to other organisations, on a cost-recovery basis, its procedures for—
 - (a) the assessment of applications:
 - (b) the preparation of contracts:
 - (c) the administration of research funds.
- (4) Liaison under this section may include joint ventures in support of specific research proposals.
- (5) The Council shall develop and maintain close links with the Ministry of Health and persons purchasing or providing health services to assist those bodies in meeting their research needs.
- (6) The Council may, by agreement with the Director-General of Health or any person purchasing or providing health services,—
 - (a) act as the agent of the Director-General of Health or of the person purchasing or providing health services in letting contracts for health research; or
 - (b) perform the scientific assessment of in-house research carried out by or on behalf of the Ministry of Health or the person purchasing or providing health services.

Section 34(5): amended, on 1 July 1993, by section 32 of the Health Reforms (Transitional Provisions) Act 1993 (1993 No 23).

Section 34(6): substituted, on 1 July 1993, by section 32 of the Health Reforms (Transitional Provisions) Act 1993 (1993 No 23).

Part 2

Dissolution of Medical Research Council of New Zealand

44 Dissolution of Medical Research Council of New Zealand

- (1) The Medical Research Council of New Zealand constituted by section 3 of the Medical Research Council Act 1950 is hereby dissolved.
- (2) No member of the Medical Research Council of New Zealand shall be entitled to compensation for loss of office resulting from the dissolution of that Council.

45 Assets and liabilities

On the commencement of this Act all assets and liabilities of the Medical Research Council of New Zealand shall become assets and liabilities of the Health Research Council of New Zealand.

46 Vesting of assets

- (1) On the commencement of this Act all real and personal property vested in the Medical Research Council of New Zealand shall vest in the Health Research Council of New Zealand, subject to all liabilities, charges, obligations, or trusts affecting that property.
- (2) All money which has before the commencement of this Act been appropriated by Parliament for the purposes of medical research and which at the commencement of this Act is held for that purpose in the Medical Research Endowment Fund Account pursuant to the Medical Research Council Act 1950 is hereby vested in the Council, and as from the commencement of this Act shall be administered accordingly.
- (3) On the commencement of this Act all money payable to the Medical Research Council of New Zealand shall become payable to the Health Research Council of New Zealand.

Compare: 1950 No 20 s 13(1)

47 Proceedings

On the commencement of this Act all proceedings pending by or against the Medical Research Council of New Zealand may be carried on, completed, or enforced by or against the Health Research Council of New Zealand.

48 Transitional provision in relation to persons employed on research and as tenured investigators

- (1) Every person who, immediately before the commencement of this Act, was an employee of the Medical Research Council of New Zealand, who was engaged on health research for that Council shall (subject to clause 3(2) of Schedule 1) continue to be employed by the Health Research Council of New Zealand until the later of—

- (a) the completion of the first relevant Health Research Council of New Zealand funding round that takes place after the commencement of this Act; or
 - (b) the expiration of 31 December 1991.
- (2) Every person who was, immediately before the commencement of this Act, a person funded, directly or indirectly, by the Medical Research Council of New Zealand as a tenured investigator for a term that has not expired shall (subject to the contract under which that person is funded) continue to be funded by the Health Research Council of New Zealand until the earlier of—
- (a) the expiration of that term; or
 - (b) the expiration of 31 December 1993.

49 Other transitional provision

Subject to the other provisions of this Act, and unless in any case the context otherwise requires, every reference in any other Act or in any regulations to the Medical Research Council of New Zealand shall hereafter be read as a reference to the Health Research Council of New Zealand constituted by this Act.

50 Final accounts of Medical Research Council of New Zealand

- (1) As soon as reasonably practicable after the commencement of this section, the Director-General of Health shall cause to be prepared final accounts of the Medical Research Council of New Zealand as at the close of 30 September 1990.
- (2) A copy of the final accounts, together with a copy of the report of the Audit Office on those accounts, shall be sent by the Director-General of Health to the Minister of Health.
- (3) A copy of the final accounts, together with a copy of the report of the Audit Office on those accounts, shall be laid before the House of Representatives by the Minister of Health as soon as practicable after their receipt by that Minister.

- (c) the validity of any action taken by the Council or any member of the Council in the period beginning on 1 July 1993 and ending with the commencement of this subsection.

Notes

1 *General*

This is a consolidation of the Health Research Council Act 1990 that incorporates the amendments made to the legislation so that it shows the law as at its stated date.

2 *Legal status*

A consolidation is taken to correctly state, as at its stated date, the law enacted or made by the legislation consolidated and by the amendments. This presumption applies unless the contrary is shown.

Section 78 of the Legislation Act 2019 provides that this consolidation, published as an electronic version, is an official version. A printed version of legislation that is produced directly from this official electronic version is also an official version.

3 *Editorial and format changes*

The Parliamentary Counsel Office makes editorial and format changes to consolidations using the powers under subpart 2 of Part 3 of the Legislation Act 2019. See also PCO editorial conventions for consolidations.
