- (1) If a relevant Reserve is subdivided and transferred in accordance with section 25, each resulting parcel of land is to be treated, with effect from the transfer date, as a separate recreation reserve subject (in each case) to section 17 of the Reserves Act 1977.
- (2) With effect from the transfer date, the first transferee of a resulting parcel of land—
- (a) is the administering body of the reserve comprising that parcel of land for the purposes of the Reserves Act 1977; and
 - (b) holds that parcel of land for the same reserve purposes as it was held by the administering body immediately before the transfer.
- (3) **Transfer date** means the date of registration for all of the resulting parcels of land in accordance with section 29.

27 Continuing application of Part 4A of Conservation Act 1987

- (1) If the Southern Arikikapakapa Reserve is subdivided and transferred in accordance with section 25,—
- (a) section 8(3) must be applied separately to each parcel of land resulting from the subdivision of that Reserve; and

- (b) accordingly, the reference there to the Southern Arikikapakapa Reserve must be read as a reference to a parcel of land resulting from that subdivision.
- (2) If the Whakarewarewa Thermal Springs Reserve or the Roto-a-Tamaheke Reserve is subdivided and transferred in accordance with section 25,—
 - (a) section 112(4) of the Affiliate Te Arawa Act (as it applies to that Reserve) must be applied separately to each parcel of land resulting from the subdivision of that Reserve; and
 - (b) accordingly, the reference there to a reserve site (as it applies to that Reserve) must be read as a reference to a parcel of land resulting from that subdivision.

28 Modified application of Reserves Act 1977 to resulting reserves

- (1) Sections 48A, 114, and 115 of the Reserves Act 1977 apply to each reserve comprising a resulting parcel of land, despite sections 48A(6), 114(5), and 115(6) of that Act.
- (2) Sections 78(1)(a), 79 to 81, and 88 of the Reserves Act 1977 do not apply to any such reserve.
- (3) If the reservation of a resulting parcel of land is revoked under section 24 of the Reserves Act 1977 in relation to all or a part of the land comprised in the reserve, section 25 of that Act, except subsection (2), does not apply to the revocation.

Registration

29 Registration of subdivision and transfer

- (1) For each resulting parcel of land, the Registrar-General of Land must, upon receiving the documents specified in subsection (2),—
 - (a) create a computer freehold register and register the first transferee as the proprietor of the fee simple estate in the parcel of land; and
 - (b) make the appropriate entries on the register.
- (2) The documents are—
 - (a) a transfer instrument to transfer the fee simple estate in the parcel of land to the first transferee, including a notification that the first transferee is to hold the parcel of land for the same reserve purposes as it was held by the administering body immediately before the transfer; and
 - (b) the written consent of the Minister of Conservation to the transfer of the parcel of land; and
 - (c) any other document required for registration of the transfer instrument.
- (3) Subsection (1) is subject to the completion of any survey necessary to create the computer freehold register for the resulting parcel of land.

- (4) Without prejudice to the generality of subsection (1)(b), the Registrar-General must, for each resulting parcel of land,—
- (a) amend the notification recording that the land is subject to the relevant suspension provision, so that it has effect subject to section 27 of this Act; and
 - (b) remove the notification recording that the parcel of land is subject to section 20 of this Act; and
 - (c) make a notification recording that the parcel of land is subject to section 32 of this Act.
- (5) The **relevant suspension provision** is,—
- (a) in the case of the Southern Arikikapakapa Reserve, section 8(3) of this Act;
 - (b) in the case of the Whakarewarewa Thermal Springs Reserve or the Roto-a-Tamaheke Reserve, section 112(4) of the Affiliate Te Arawa Act.

30 Other registration requirements cease to apply

- (1) If the Southern Arikikapakapa Reserve is subdivided and transferred in accordance with section 25, section 17(6) and (7) cease to apply.
- (2) If the Whakarewarewa Thermal Springs Reserve or the Roto-a-Tamaheke Reserve is subdivided and transferred in accordance with section 25, section 113(3) of the Affiliate Te Arawa Act and section 18(3) and (4) of this Act cease to apply with respect to that Reserve.

31 Subsequent revocation

- (1) If the reservation of a resulting parcel of land is revoked in relation to the whole of the land comprised in the parcel of land,—
 - (a) the Director-General of Conservation must apply in writing to the Registrar-General of Land to remove the relevant notifications from the computer freehold register for the parcel of land; and
 - (b) the Registrar-General must comply with any such application.
- (2) If the reservation of a resulting parcel of land is revoked in relation to a part of the land comprised in the parcel of land, the Registrar-General of Land must ensure that the relevant notifications remain only on the computer freehold register for the part of the land that remains a reserve.
- (3) The **relevant notifications** are the notifications recording—
 - (a) that section 24 of the Conservation Act 1987 does not apply to the land;
 - (b) that the land is subject to the relevant suspension provision and to section 27 of this Act;
 - (c) that the land is subject to section 32 of this Act.
- (4) The **relevant suspension provision** has the meaning given by section 29(5).

*Subsequent transfer of parcels of land***32 Restrictions on transfer of parcels of land**

- (2) The land (or, as the case may be, the part of the land) that remains a reserve is referred to in this section as the **reserve land**.
- (3) The fee simple estate in the reserve land may be transferred to any other person only in accordance with this section, despite any other enactment or rule of law.
- (4) The Minister of Conservation must give written consent to the transfer of the fee simple estate in the reserve land to another person or persons (the **new owners**) if, upon written application, the registered proprietors of the reserve land satisfy the Minister of Conservation that the new owners meet the relevant conditions.
- (5) The **relevant conditions** are—
 - (a) that the new owners are able to comply with the requirements of the Reserves Act 1977; and
 - (b) that the new owners are able to perform the duties of an administering body under that Act.
- (6) The Registrar-General of Land must, upon receiving the documents specified in subsection (7), register the new owners as the proprietors of the fee simple estate in the reserve land.
- (7) The documents are—

 - (b) the written consent of the Minister of Conservation to the transfer of the reserve land; and
 - (c) any other document required for registration of the transfer instrument.
- (8) The new owners, from the time of registration under subsection (6),—
 - (a) are the administering body of the reserve land for the purposes of the Reserves Act 1977; and
 - (b) hold the reserve land for the same reserve purposes as it was held by the administering body immediately before the transfer.
- (9) This section does not apply to a transfer of the fee simple estate in the reserve land if—
 - (a) the transferors of the reserve land are or were the trustees of a trust; and

- (b) the transferees are the trustees of the same trust, after any new trustee has been appointed to the trust or any transferor has ceased to be a trustee of the trust; and
- (c) the instrument to transfer the reserve land is accompanied by a certificate, given by the transferees or the transferees' solicitor, verifying that the conditions in paragraphs (a) and (b) are met.
