Example

An Act empowers regulations to authorise a regulator to set fees. The Act requires all fees paid under the Act to be paid to the Crown. The regulations require the regulator to set fees by issuing a notice. The fees set in the regulator's notice are paid under the Act and so must be paid to the Crown.

22 Legislation not binding on the Crown

- (1) No Act or part of an Act binds the Crown unless the Act (or other legislation) expressly provides that the Crown is bound by the Act or part.
- (2) No secondary legislation, or part of secondary legislation, made under an Act or part of an Act binds the Crown unless—
 - (a) the Act (or another Act) expressly provides that the Crown is bound by the Act or part of the Act; or
 - (b) the Act or the secondary legislation (or any other legislation) expressly provides that the Crown is bound by the secondary legislation or part of the secondary legislation.

23 Examples do not limit provision

- (1) An example provided in legislation of the operation of a provision of the legislation does not limit the provision.
- (2) *See* section 10, which includes examples as part of the text of legislation from which its meaning must be ascertained.

*Commencement of legislation***24 Outline of commencement provisions**

- (1) Sections 25 to 29 set rules for the commencement of legislation that—
 - (a) give effect to the commencement stated or provided for in the legislation; and
 - (b) provide default rules for commencement if the legislation does not state or provide for the commencement; and
 - (c) provide further detail for the effective operation and application of those rules.
- (2) Subsection (1) is a guide only to the general scheme and effect of the provisions that affect commencement of legislation.

25 Date on which Acts commence

- (1) An Act or a part of an Act comes into force on the date stated or provided for in the Act.
- (2) If an Act does not state or provide for a commencement date for the Act or part, the Act or part comes into force on the day after Royal assent.
- (3) However, an Act's Title and commencement sections, and any principal legislation provision, come into force on Royal assent (and no reference in the commencement section includes them).
- (4) In subsection (3), **principal legislation provision** means a section or part of a section that identifies legislation being amended.

Compare: 1999 No 85 s 8

Section 25(3): amended, on 25 March 2021, by section 4(2) of the Secondary Legislation Act 2021 (2021 No 7).

Section 25(4): inserted, on 25 March 2021, by section 4(2) of the Secondary Legislation Act 2021 (2021 No 7).

26 Date on which secondary legislation commences

- (1) Secondary legislation or a part of any secondary legislation comes into force on the date stated or provided for in the legislation.
- (2) If it does not state or provide for that date, the legislation or part comes into force on the day after it is published or first made available (whether under Part 3 or otherwise as required by law).
- (3) However, the secondary legislation's Title and commencement provisions, and any provision identifying the principal legislation amended, come into force on its making (and no reference in the commencement provision includes them), even if it is not yet published.

Compare: 1999 No 85 s 9

27 Time at which legislation commences

Legislation comes into force—

- (a) at the start of the day on which it comes into force (unless paragraph (b) or (c) applies); or
- (b) if it is expressed to come into force from a particular day, at the start of the next day; or
- (c) if it states or provides for a particular time of commencement on a date on which it comes into force, at that time.

Compare: 1999 No 85 s 10

28 When legislation commences if calculated by number of months

- (1) This section applies to legislation expressed to come into force a number of months after a day or an act or event that occurs on a day (**date A in the starting month**).
- (2) The legislation comes into force in the month that is that number of months after the starting month,—
 - (a) on the day of that month that corresponds to date A; or
 - (b) if there is no such day, on the last day of that month.
- (3) This section applies instead of section 56 (on months generally).

Examples

ABC Act 2020 states that it comes into force a month after Royal assent. Royal assent is given on 1 July 2020. The Act comes into force on 1 August 2020.

XYZ Act 2020 states that it comes into force 4 months after Royal assent. Royal assent is given on 31 May 2020. The Act comes into force on 30 September 2020 (because September does not have 31 days).

29 Power to make commencement order

- (1) A power to make an Order in Council bringing legislation into force—
 - (a) includes a power to state a time of commencement on the date that is set; and
 - (b) is capable of being exercised more than once to amend, revoke, or replace an Order in Council made in a previous exercise of the power, so long as each re-exercise of the power takes effect before the commencement takes effect; and
 - (c) includes a power to make 1 or more orders setting different dates for different provisions of the legislation; and
 - (d) includes (if there is a provision where its commencement would otherwise operate to give effect to other parts of legislation) a power to com-

mence the provision only for the purpose of giving effect to some, but not other, parts of that legislation.

Example

The Dogs and Cats Act 2020 states that it comes into force on a date set by Order in Council. Section 100 states that the legislation set out in Schedule 4 is consequentially amended (and Schedule 4 sets out all the amendments). An Order in Council is made that commences section 100 on 1 July 2020 for the purpose of giving effect to the first 10 consequential amendments in Schedule 4. The rest of the consequential amendments in Schedule 4 do not come into force at that time. A later Order in Council commences section 100 for the purpose of the rest of the consequential amendments on 1 July 2021.

- (2) If the power referred to in subsection (1)(d) is exercised, the provision comes into force only for that purpose and only the identified parts come into force.

(2) Repealed or amended legislation continues to have effect as if it had not been repealed or amended for the purpose of—

Compare: 1999 No 85 s 19; Acts Interpretation Act 1901 s 7(2) (Aust)

35 Powers exercised under repealed or amended legislation have continuing effect

Anything done in the exercise of a power under repealed or amended legislation, and that is in effect immediately before that repeal or amendment, continues to have effect as if it had been exercised under any other legislation—

- (a) that, with or without modification, replaces, or that corresponds to, the legislation repealed or amended; and
- (b) under which the power could be exercised.

Compare: 1999 No 85 s 21

36 Legislation made under repealed legislation has continuing effect

- (1) Any legislation made under repealed legislation, and that is in force immediately before that repeal, continues in force as if it had been made under any other legislation—

- (1) This section applies if legislation (**new legislation**)—
 - (a) is to replace (with or without modification), or is to correspond to, existing legislation; and
 - (b) is not yet in force.
- (2) A reference in legislation to the new legislation is, until that new legislation comes into force, a reference to the whole or the corresponding part of the existing legislation.

38 How to apply references to repealed legislation

- (2) A reference in legislation to repealed legislation is a reference to legislation that, with or without modification, replaces, or that corresponds to, the legislation repealed.
- (3) Subsection (1) is subject to subsection (2).

39 Time of repeal of legislation on particular day

- (1) Legislation that is expressed to be repealed on a particular day is repealed at the start of that day.
- (2) Legislation that is expressed to remain in force, or to continue to have effect, until a particular day, remains in force or has effect until the close of that day.

*General empowering provisions***40 Authority to make secondary legislation**

- (1) It is not necessary for secondary legislation to refer to facts, circumstances, or preconditions that must exist or be satisfied before the legislation can be made.

- (2) Secondary legislation is not invalid just because the legislation under which it is expressed to have been made does not authorise its making as long as its making is authorised by other legislation.

Compare: 1999 No 85 s 24

41 Secondary legislation may make consequential amendments to other secondary legislation

- (1) A power to make secondary legislation (the **main secondary legislation**) under one Act (the **main Act**) includes a power to make consequential amendments to other secondary legislation made by the same person (whether or not made under the same Act).

- (3) The only facts, circumstances, or preconditions that must exist or be satisfied before the consequential amendments are made are those (if any) for making the main secondary legislation.

42 Amendments made to secondary legislation by Act do not prevent later amendments

Secondary legislation amended or replaced by an Act may be amended, revoked, or replaced by later secondary legislation as if the amendment or replacement had been made by secondary legislation.

Compare: 1999 No 85 s 25

Forms

Time and distance

54 When periods start and end

If legislation refers to a period described in the following way, the period must be calculated according to the following corresponding rule:

Item	If the period is described as:	then the period:
1	starting at, on, or with a specified day, act, or event	includes that day or the day of the act or event
2	starting from or after a specified day, act, or event	does not include that day or the day of the act or event
3	being within a specified number of days of or after a specified day, act, or event	does not include that day or the day of the act or event
4	ending by, on, at, or with a specified day, act, or event	includes that day or the day of the act or event
5	continuing to or until a specified day, act, or event	includes that day or the day of the act or event
6	ending before a specified day, act, or event	does not include that day or the day of the act or event

7	a number of days between 2 specified events	does not include the days on which the events happen
---	--	--

Examples

Item 1: If the legislation states that a permission begins **on** the first day of a financial year, the permission is in force on that day.

Item 2: If the legislation states that a variation of an agreement operates **from** 30 June, the variation starts to operate on 1 July.

Item 3: If the legislation states that public notice must be given **within** 10 days of adopting a constitution and the constitution is adopted on 1 August, the notice must be given by the close of 11 August.

Item 4: If the legislation states that a right to make a submission ends **on** 30 June, the submission may still be made on 30 June.

Item 5: If the legislation states that a permission continues **until** 30 March, the permission is still in force on 30 March.

Item 6: If the legislation states that a statement must be filed **before** the start of the next financial year, the statement must be filed on 30 June, not 1 July.

Item 7: If the legislation states that the period **between** sending a draft decision document to submitters for comments and finalising the decision must be at least 10 working days, do not count the day on which the draft is sent or the day on which the decision is finalised.

Compare: 1999 No 85 s 35(1)–(5)

55 Extension for doing thing if day or last day is not working day

A thing that, under legislation, must or may be done on a particular day or within a limited period of time may, if that day or the last day of that period is not a working day, be done on the next working day.

Compare: 1999 No 85 s 35(6)

56 Calculating periods of months (except for commencement of legislation)

(1) A reference to 1 or more **months** in legislation is a reference to a period calculated as follows:

- (a) the period starts at the start of the relevant day in the month; and
 - (b) the relevant number of months must then be counted to find the ending month; and
 - (c) the period ends immediately before the corresponding day in the ending month or (if there is no such day) at the close of the last day of the ending month.
-

Examples

If the legislation refers to a period of 1 month starting on 15 February, the period starts on 15 February and ends at the close of 14 March (because March has a corresponding day).

If the legislation refers to a period of 6 months starting on 31 October, the period starts on 31 October and ends at the close of 30 April (because April does not have 31 days).

If the legislation refers to a period of 3 months *after* the date on which notice is sent and notice is sent on 2 August, the period starts on 3 August (under item 2 in section 54) and ends at the close of 2 November.

- (2) This section does not apply to commencement of legislation (*see* section 28).

revision Act means a revision Bill prepared and certified under subpart 3 of Part 3, once that Bill has been enacted.

Compare: 2012 No 119 s 35(1), (2)

- (2) This section is subject to section 62.

Compare: 2007 No 97 s ZA 3(3); 2012 No 119 s 35(2)

61 Using old law as interpretation guide for revision Act

If the meaning of a provision of a revision Act is unclear or gives rise to absurdity, the wording of the old law that corresponds to the provision must be used to ascertain the meaning of the provision.

Compare: 2007 No 97 s ZA 3(4)

62 Exceptions: when revision Act changes effect of old law

Section 60 is overridden to the extent that a provision of a revision Act—

- (a) is expressly provided by the revision Act to be intended to change the effect of the old law; or
- (b) has a meaning that is expressly or by necessary implication to a different effect than the corresponding old law provision; or
- (c) is enacted, amended, or repealed by legislation that is not a revision Act (for example, an amendment Act intended to change the effect of the old law).

 - (b) a standard, framework, code of practice, recommended practice, or requirement prescribed in any country or jurisdiction, or by any group of countries:
 - (c) any other written material that deals with technical matters if it is reasonable to consider that—
 - (i) it is impracticable to include the material in the secondary legislation; or
 - (ii) the material is so large that including it in the secondary legislation will prevent persons to whom the law applies from using or understanding the secondary legislation with reasonable ease.

- (2) For the purposes of this section, secondary legislation incorporates material by reference if the secondary legislation does 1 or more of the following:
 - (a) incorporates the material in whole or in part, and with or without modification:
 - (b) incorporates amendments to which section 66 applies.
- (3) Material incorporated by reference in reliance on this section has legal effect as part of the legislation that incorporates the material.

 - (b) the ability of legislation to refer to or incorporate other legislation:
 - (c) any rule of law.

Compare: 2012 No 119 ss 49, 57

65 Schedule 2 applies if material incorporated by reference

Schedule 2 applies if material is incorporated by reference in reliance on section 64.

Compare: 2012 No 119 s 50

66 Effect of amendments to material incorporated by reference

- (1) This section applies if the material incorporated by reference in secondary legislation in reliance on section 64 is amended by the originator of the material after the secondary legislation is made.
- (2) Those amendments have no legal effect as part of the secondary legislation unless—
 - (a) they are specifically incorporated by later legislation made in accordance with Schedule 2; or
 - (b) amendments to the material are expressly authorised to have that effect by or under another Act.
- (3) For the purposes of this section, material is **amended** if the material or any part of it—
 - (a) is amended or replaced; or
 - (b) expires or is revoked; or
 - (c) otherwise ceases to have effect.

Subpart 2—Correcting errors and making other editorial changes

84 Purpose of this subpart

The purpose of this subpart is to enable errors to be corrected and other editorial changes to be made so as to—

- (a) keep legislation up to date; and
- (b) improve the ability of users to find, use, and understand that legislation.

85 Interpretation

In this subpart, unless the context otherwise requires,—

current drafting practice means the legislative drafting practice for the time being used by the PCO

referential words means words that identify the whole or a part of a provision (including a schedule) as a provision, or as part of a provision, of the legis-

lation in which they appear (for example, “of this Act”, “of this section”, “of this paragraph”, “the said”, and “hereof”).

Compare: 2012 No 119 s 23

86 Power to make editorial changes

- (1) The Chief Parliamentary Counsel may authorise the PCO to make changes referred to in section 87 to a version of the legislation.
- (2) Sections 87 and 89 do not permit any change to the text of a provision of any legislation that, if enacted, would change the effect of the provision.
- (3) Nothing in this section limits the authority to make changes in reliance on the application of section 38 or any other legislation.

Compare: 2012 No 119 s 24

87 Editorial changes

The following changes may be made under this subpart:

Updating language, references, and numbering

- (a) language that indicates or could be taken to indicate a particular gender may be changed to gender-neutral language so that it is consistent with current drafting practice, as long as it is also consistent with the purpose of the legislation being changed:

Examples

The word “he” may be changed to “they”, or replaced with the relevant noun.

The word “chairman” may be changed to “chairperson”.

The words “Her Majesty the Queen” may be changed to “the Sovereign”.

- (b) language to which section 16 applies may be changed to reflect the effect of section 16 (references to specific gender or kind of person include others):
- (c) a reference to the name or title of a body, an office, a person, a place, or a thing that has been changed may be replaced with a reference to the name or title as changed:
- (d) a reference to a body, an office, a person, a place, or a thing that has been replaced by another body, office, person, place, or thing may be changed to a reference to the replacement body, office, person, place, or thing:
- (e) the numbering, renumbering, and consequential amendments authorised by an Order in Council made under section 88:

Improving legislation to reflect current drafting practice

- (f) changes may be made to the way provisions are referred to, so as to be consistent with current drafting practice:

Example

“Schedule 1 to the Ombudsmen Act 1975” may be changed to “Schedule 1 of the Ombudsmen Act 1975”.

- (g) unnecessary referential words may be omitted:
- (h) changes may be made to words in the Māori language (te reo Māori) to reflect current orthographic conventions:
- (i) punctuation may be changed or omitted, or new punctuation inserted, so as to be consistent with current drafting practice:
- (j) conjunctives and disjunctives may be inserted, omitted, or changed so as to be consistent with current drafting practice:
- (k) changes may be made to the way numbers, dates, times, quantities, measurements, and similar matters, ideas, or concepts are referred to or expressed so as to be consistent with current drafting practice:

Example

A reference in a form to “this [blank] day of [blank] 19...” may be changed to “[Date]”.

Correcting obvious errors

- (l) obvious errors of the following kinds may be corrected:
- (i) typographical and clerical errors:
- (ii) grammatical and spelling errors, and errors of punctuation:
- (iii) errors in numbering, cross-referencing, and alphabetical ordering:
- (iv) errors in or arising out of an amendment, by other legislation, to the legislation being changed:
- (v) any other errors of a similar nature:

Examples

In the following provision, the word in bold can be omitted: “The board of a company may make offers on **on** one or more stock exchanges”.

An Act consequentially repeals section 85(3) of another Act. The other Act does not contain a section 85, and it is obvious from the context that the intention was to repeal section 75(3). The error can be corrected.

An Act contains amendments to section 6 of another Act. Before the first Act comes into force, the other Act is amended so that section 6 is replaced by section 6A in substantially similar terms. Section 6A can be amended to reflect the intent of the amendments to section 6.

Changes to show effect of commencement, transition, amendments, and repeals

- (m) a reference to a method of setting or determining a date or time (for example, a commencement that is calculated on a specified number of months after Royal assent) may be replaced with an exact reference to that date or time (once it is set or determined):

Example

A commencement clause states that the Act commences 6 months after Royal assent. If Royal assent is on 1 March 2020, this statement can be replaced with a statement that the Act commences on 1 September 2020.

- (n) a provision in the nature of a transitional, savings, validation, or other similar provision that is contained in amending legislation may be incorporated as a provision of the legislation it amends, and all necessary consequential amendments may be made:
- (o) changes may be made to show the effect of any amendment or repeal, and changes may be made that are purely consequential on any amendment made, by other legislation, to the legislation being changed:

Example

The heading to a section may be changed to reflect the effect of an amendment to the section.

Changes to secondary legislation Titles

- (p) changes may be made to the Title of secondary legislation, so as to better identify the legislation or to distinguish it from other legislation:

Examples

The “Cat Notice” can be changed to the “Cat Notice 2022”, “Cat Notice (No 5) 2022”, or “Cat Exemptions Notice 2022”.

The “Exemptions Notice 2022”, made under the Dogs and Cats Act 2020, can be changed to the “Dogs and Cats (Exemptions) Notice 2022”.

Other consequential changes

- (q) changes may be made that are purely consequential on any other change authorised by this subpart.

Compare: 2012 No 119 s 25(1)

88 Changes to numbering

- (1) For the purpose of making legislation easier to find, use, or understand, the Governor-General may, by Order in Council, authorise the PCO to—
- (a) publish a version of any specified legislation with provisions numbered or renumbered in the manner indicated by the order; and

- (b) publish a version of any other specified legislation, in the manner indicated by the order, so as to consequentially update any references in that legislation to those numbered or renumbered provisions.
- (2) An order under this section is secondary legislation (*see* this Part for publication requirements).

Compare: 2012 No 119 s 25(2)

89 Changes to format

The Chief Parliamentary Counsel may authorise the PCO to make format changes to a version of legislation so that the format of the legislation is consistent with current drafting practice, or the format of the version of the legislation is easier to read or use according to the means used to read it, or both.

Compare: 2012 No 119 s 26

90 When changes take effect

For the purposes of amendments to, incorporation of, or reference to legislation that has had changes made to it under this subpart, those changes take effect as if enacted or made expressly by other legislation having effect immediately before the date on which the changes were made.

Compare: 2012 No 119 s 18(5)

91 Changes to legislation to be noted on legislation website

If changes authorised by this subpart are made, the PCO must—

- (a) indicate that fact in a suitable place in the legislation or otherwise on the legislation website; and
- (b) outline in general terms, and in a suitable place in the legislation or otherwise on the legislation website, the changes made.

Compare: 2012 No 119 s 27

- (b) in relation to any other secondary legislation, the maker

responsible Minister means the Minister of the Crown who, under the authority of any warrant or with the authority of the Prime Minister, is responsible for the administration of this Part.

103 Chief executives must prepare and publish disclosure statements for Government-initiated legislation

- (1) The chief executive of the relevant policy agency must ensure that—
 - (a) a disclosure statement is prepared for each of the following:
 - (i) a Government Bill;
 - (ii) a Government amendment;
 - (iii) secondary legislation of a class that is specified under section 107(3)(a); and
 - (b) each disclosure statement complies with—
 - (i) section 104; and

 - (iii) each direction given under section 110; and
 - (c) each disclosure statement is electronically published, in accordance with a notice issued under section 107,—
 - (i) as soon as practicable after the introduction of the Government Bill or release of the Government amendment; or

- (ii) in the case of secondary legislation, as soon as practicable after it is published under this Act (or otherwise first made available as required by law).
- (2) If there is more than 1 relevant policy agency, subsection (1) applies to each chief executive for the part of the legislation or proposed legislation for which the agency is the relevant policy agency (but, in this case, a direction under section 110 may require the statements to be combined).

104 What must be contained, or linked to, in disclosure statements

- (1) A disclosure statement for a Government Bill, Government amendment, or secondary legislation must contain (or link to) the following:
 - (a) information about—

- (2) However, the disclosure statement does not need to include the chief executive's (or the policy agency's) reasons or justifications for the decisions taken by the Government on the Government Bill, Government amendment, or secondary legislation.

105 Disclosure statement requirements do not apply to certain Bills and amendments

- (1) Section 103 does not apply to any of the following Bills:

 - (c) Bills that primarily relate to the repeal or revocation of legislation identified as spent;
 - (d) revision Bills prepared under subpart 3 of Part 3 or Bills prepared for the purposes of confirmation under subpart 3 of Part 5.
- (2) Section 103 does not apply to a Government amendment if—
 - (a) the Bill to which it relates is of a kind referred to in subsection (1); or

- (b) it is not reasonably practicable to comply with that section before the parliamentary scrutiny of the Government amendment occurs; or
 - (c) in the chief executive's opinion, the Government amendment would not materially change the Bill.
- (3) In relation to subsection (2)(c),—
- (a) the amendment would **materially change the Bill** if the information required to be contained (or linked to) in a disclosure statement on the Bill would be materially different as a result of the amendment; and
 - (b) the chief executive must ensure that a statement of the chief executive's opinion is, as soon as practicable after the release of the Government amendment,—
 - (i) provided to the Minister; and
 - (ii) electronically published (in accordance with each notice under section 107).

106 Chief executives must act independently and include statement of responsibility

 - (a) jointly issue 1 or more notices under this section; and
 - (b) take all reasonable steps to ensure that at least 1 notice is in force, and remains in force, on and after the date that is 12 months after the date on which this Part comes into force.
- (2) The notice or notices must—
 - (a) provide for the information that must be contained (or linked to) in disclosure statements under section 104, including—
 - (i) specifying the information about departures from the legislative guidelines or standards that must be contained (or linked) in disclosure statements; and

- (ii) identifying legislative guidelines or standards (in whole or in part) for that purpose; and

- (4) A notice under this section is secondary legislation (*see* Part 3 for publication requirements).

108 Government notice may be issued only with approval of House of Representatives

A notice may be issued under section 107 only after it has been approved by a resolution of the House of Representatives.

109 Factors to be considered in determining classes of legislation requiring disclosure statements

The responsible Minister and the Attorney-General must, in considering whether a class of secondary legislation should be specified under section 107(3)(a), have regard to the costs and benefits of requiring disclosure under this Part and, in particular, the extent to which disclosure would—

- (a) better inform parliamentary and public scrutiny of legislation in that class; and
- (b) promote good administrative practices for the development of legislation in that class.

110 Ministerial direction may be given to support consistent approach across agencies

- (1) The responsible Minister may give 1 or more directions that set requirements for disclosure statements to—
 - (a) contain, or link to, additional or more specific information in connection with the matters specified in section 104(1) (in addition to that required by a notice under section 107):
 - (b) contain, or link to, other information about specified matters (in addition to any disclosures required under a notice under section 107(3)(b)):

- (c) be in a specified layout or format (which may include requiring a statement, or joint agency statements, to be in a single document or a series of related documents or to be included as part of 1 or more other documents).
- (2) The responsible Minister must ensure that, as soon as practicable after a direction is given, the direction is—
 - (a) published on an Internet site maintained by, or on behalf of, the New Zealand Government; and
 - (b) presented to the House of Representatives.
- (3) A direction—
 - (a) may apply to the chief executives of 1 or more relevant policy agencies; and
 - (b) may be given only if—
 - (i) a notice under section 107 is in force; and
 - (ii) the direction is not inconsistent with any notice under section 107 or with this Act.

111 Disclosure relates only to information available to public under Official Information Act 1982

Nothing in this Part requires the disclosure of information if a request for that information could be refused under section 18 of the Official Information Act 1982 (other than for the reason set out in section 18(d) of that Act).

112 Validity of legislation not affected by failure to comply with this Part

Failure to comply with this Part does not affect—

- (a) any power to make any legislation; or
- (b) the validity of any legislation.

Subpart 2—Transition for secondary legislation to new publication requirements

11 Purpose

- (1) The purpose of this subpart is to—
 - (a) provide for orderly transitional arrangements for the application of this Act to secondary legislation that is not published on the legislation website at the publication commencement date; and
 - (b) otherwise clarify the Act's application to secondary legislation.

- (2) *See also* section 147(1)(s), which provides for regulations to be made for the purposes of this subpart (the **regulations**).

12 Outline of transition to Part 3 publication

- (1) The transition of secondary legislation to publication under Part 3 applies as follows:
- (a) on the main commencement date,—
- (i) the definition of secondary legislation set out in this Act will apply (*see* clause 13); and
 - (ii) amendments will be made, by another Act, to identify empowering provisions that empower the making of secondary legislation; and
 - (iii) instruments made under those empowering provisions will be secondary legislation for the purposes of this Act (for example, for interpretation and disallowance purposes); but
 - (iv) existing publication requirements previously set out in the empowering legislation will generally continue to apply to the secondary legislation at that time under Part 3 (*see* sections 73 and 74, as in force on the main commencement date, and clause 14); and
- (b) on the publication commencement date, Part 3 is amended (*see* Schedule 2 of the Legislation (Repeals and Amendments) Act 2019) and this subpart and the regulations provide for an orderly transition of secondary legislation to the publication requirements set out in this Act as follows:
- (i) Part 3's requirements for makers to lodge secondary legislation and minimum legislative information with the PCO for publication apply, but are modified by the list exemptions and publication exemptions in clauses 15 and 16, as set out below; and
List deadline step (clause 15)

 - (iii) minimum legislative information for classes of secondary legislation will be required to be lodged with the PCO by that list deadline (so that a complete list of secondary legislation may be published on the legislation website); and
 - (iv) on the list deadline, the list exemption ceases and, after that, minimum legislative information for both existing and new secondary legislation must be lodged with the PCO for publication under Part 3; and

- (v) after a date set under this subpart, secondary legislation that is not listed may be revoked; and
Publication deadline step (clause 16)
 - (vi) until the publication deadline set under this subpart, a publication exemption applies under clause 16 (so that the text of the secondary legislation need not be lodged with the PCO for publication); but
 - (vii) classes of secondary legislation will be required to be lodged with the PCO for publication by the publication deadline; and
 - (viii) on the publication deadline, the publication exemption ceases and, after that, both existing and new secondary legislation must be lodged with the PCO for publication under Part 3; and
 - (ix) after a date set under this subpart, secondary legislation that is not published on the legislation website may be revoked.
- (2) This is a guide only to the general scheme and effect of this subpart.

13 Definition of secondary legislation is effective on main commencement date for all legislation

- (1) The definition of secondary legislation—
- (a) applies to an instrument regardless of whether it is made before, on, or after the main commencement date; and
 - (b) extends to an instrument made under an identified empowering provision (*see* subclause (3)).
- (2) An instrument made before that date that is in force under a provision that empowers the making of secondary legislation, under the Royal prerogative, or under an identified empowering provision, becomes, on the main commencement date, secondary legislation.

Examples

Instrument made under empowering provision before main commencement date

An order is made under section 100 of an Act before the main commencement date.

On the main commencement date, an amendment is made to section 100 by the Secondary Legislation Act so that it states that orders made under it are secondary legislation.

The order is secondary legislation.

Instruments made under empowering provision if amendment passed but not yet in force

An order is made under section 120 of an Act after the main commencement date.

The Secondary Legislation Act has been passed, amending section 120. The amendment will result in section 120 stating that orders made under it are second-

dary legislation. However, the amendment has not yet come into force. Under subclause (3), section 120 is an identified empowering provision.

The order is secondary legislation.

In addition, section 120 may be changed, as an interim step before the full amendments come into force, so that it clearly states that orders made under it are secondary legislation (see subclauses (4) and (5)).

Instrument saved under empowering provision

An order is made under section 90 of a repealed Act. Section 90 was replaced by the section 100 referred to above.

The order continues in force as if it were made under section 100 (see section 36 of this Act and section 20 of the Interpretation Act 1999).

The order is secondary legislation.

-
- (3) For the purposes of this Act, a provision is an **identified empowering provision** if an amendment to the legislation (a **secondary legislation amendment**)—
- (a) has been passed or made that will result in the legislation stating that instruments under that provision are secondary legislation; but
 - (b) that amendment is not yet in force.
- (4) The Chief Parliamentary Counsel may authorise the PCO to make the following changes to a version of legislation to show the effect of subclauses (1)(b) and (3), the rest of this schedule, and Part 3 in relation to identified empowering provisions:
- (a) changes to insert statements to make it clear that instruments made under identified empowering provisions are secondary legislation:
 - (b) changes to insert, replace, or remove statements relating to listing, notification, publication, or presentation:
 - (c) any other changes that are purely consequential on those changes.
- (5) Subpart 2 of Part 3 applies to those changes as if they were changes referred to in section 87, except that, for the purposes of ensuring that the secondary legislation amendments (and any other related amendments relating to listing, notification, publication, or presentation) are effective despite those changes,—
- (a) those changes must be treated as being revoked immediately before those secondary legislation amendments (and related amendments) come into force; and
 - (b) section 90 (which deals with when editorial changes usually take effect) does not apply.

14 Existing requirements continued as applicable publication requirements on main commencement date

- (1) This clause applies, for the purposes of section 74(1)(a), to empowering provisions that are enacted before the main commencement date.

- (2) For the purposes of the applicable publication requirements under that paragraph (as in force on the main commencement date),—
- (a) the PCO may record and publish, as the applicable publication requirements for the empowering provision,—
- (i) the 1 or more requirements to publish, notify, or otherwise make available secondary legislation made under the empowering provision that applied under an Act, with the same or substantially the same effect, immediately before the main commencement date; and with
- (ii) any exemptions or limits on those requirements; and with
- (iii) any necessary modifications in light of other amendments made to the legislation on or after the main commencement date; and
- (b) the PCO must publish those applicable publication requirements, on the legislation website, by publishing either a link to the previous provision that set out that requirement or the record made under paragraph (a).
- (3) Nothing in this clause limits the information that the PCO may record and publish in relation to an Act in relation to an empowering provision (for example, as an aid to assist users to understand how this Act applies to secondary legislation).

Schedule 1 clause 14(2)(a)(i): amended, on 25 March 2021, by section 4(2) of the Secondary Legislation Act 2021 (2021 No 7).

Schedule 1 clause 14(3): inserted, on 25 March 2021, by section 4(2) of the Secondary Legislation Act 2021 (2021 No 7).

15 Maker must lodge minimum legislative information before list deadline (if clause applies)

- (1) This clause applies to secondary legislation on and after the publication commencement date if—
- (a) it is made before the list deadline; and
- (b) it is not already required to be published by the PCO under Part 3 before that list deadline.
- (2) Until the list deadline,—
- (a) a list exemption applies to the secondary legislation; and
- (b) the maker must continue to comply with the applicable publication requirements (to the extent required by section 73, as in force immediately before the publication commencement date); but
- (c) those applicable publication requirements are treated as satisfied if—
- (i) the minimum legislative information for the secondary legislation is, with the agreement of the PCO, instead lodged with the PCO for publication; and

- (ii) the maker complies with the minimum requirements for publication set by regulations made under this Act that are applicable (if any).
- (3) The maker must, before the list deadline, lodge the minimum legislative information for the secondary legislation with the PCO for publication in accordance with the regulations (unless the secondary legislation ceases to be in force before the list deadline).
- (4) The secondary legislation is revoked on a date specified in the regulations if—
 - (a) its minimum legislative information is not lodged with the PCO for publication; and
 - (b) it is of a class that is specified by the regulations as being revoked on that date.
- (5) The list deadline for secondary legislation is—
 - (a) the first anniversary of the publication commencement date (unless paragraph (b) or (c) applies); or
