Scopes of practice for social work profession and prescribed qualifications

5A Board to determine scopes of practice for social work profession

- (1) The Board must, by notice in the *Gazette*, describe the social work services that are performed by the social work profession in 1 or more scopes of practice.
- (2) A scope of practice and the services described in it may be described as the Board thinks fit, including in 1 or more of the following ways:
 - (a) by reference to a name or form of words that is commonly understood by persons who work in the social work services sector:
 - (b) by reference to an area of social science or learning:
 - (c) by reference to tasks commonly performed:
 - (d) by reference to individual, interpersonal, or community needs to be alleviated.

5B Prescribed qualifications

- (1) The Board must, by notice in the *Gazette*, prescribe the qualifications for each scope of practice that the Board describes under section 5A.
- (2) When prescribing qualifications, the Board must be guided by the following principles:
 - (a) a qualification (either on its own or together with 1 or more other prescribed qualifications) must be necessary to protect the public:

- (b) the number and types of qualifications prescribed for a scope of practice must not be so limited as to unnecessarily restrict the registration of persons as social workers:
- (c) the qualifications (in total) prescribed for a scope of practice must not impose undue costs on persons seeking to be registered as social workers or the public.

5C Provisions relating to sections 5A and 5B

- (1) The Board may at any time, by notice in the *Gazette*, amend, revoke, or replace a notice under section 5A or 5B.
- (2) The amendment, revocation, or replacement of a notice under section 5B does not affect the registration of a social worker who qualified to practise under the notice before it was amended, revoked, or replaced.
- (3) Before the Board publishes a notice under section 5A or 5B or under this section, it must have consulted the following about its proposal for the contents of the notice:
 - (a) persons who the Board considers are able to represent the views of social workers or of classes of social workers; and

 - (ii) whose members the Board considers will be affected by the proposal.
- (4) The Board must ensure that an up-to-date version of each notice is—
 - (a) available on an Internet site; and
 - (b) available at the Board’s office during business hours, so that members of the public may—
 - (i) inspect the notice free of charge; or
 - (ii) obtain a photocopy of the notice for a reasonable fee.
- (5) A notice published under section 5A or 5B or this section is a disallowable instrument, but not a legislative instrument, for the purposes of the Legislation Act 2012 and must be presented to the House of Representatives under section 41 of that Act.

- (4) However, if any fine imposed on a social worker under section 83 remains unpaid, or any costs or expenses payable under an order made under that section remain unpaid, the Registrar may decline to submit the application to the Board until the fine or costs or expenses are paid.
- (5) If the Registrar declines to submit an application to the Board under subsection (4), the social worker may apply in writing to the Board requesting a review of the Registrar's decision, and the Board must, as soon as practicable, review the decision and either confirm or revoke it.

- (1) The Board must promptly consider applications received from the Registrar.

- (5) If an applicant (including a social worker applying for a change in their individual scope of practice) is, under section 8E(4), entitled to an opportunity to make written submissions and be heard, an authorisation under this section may be determined only after the applicant has had that opportunity.

8B Contents of authorisation of individual scope of practice

- (1) An authorisation under section 8A(2) and (3) must identify the applicable scope of practice of the profession and specify the social work services within that scope of practice that the applicant is, subject to any condition included in the authorisation, permitted to perform or not permitted to perform.
- (2) An authorisation under section 8A(4) must state the change involved by reference to 1 or more of the following matters:

- (a) that 1 or more of the supervising social workers assess and report to the Board at specified intervals (whether generally or in relation to any particular case or class of case) on the performance of the applicant; and

- (b) that each of those reports set out a recommendation as to whether the condition requiring the applicant to practise subject to supervision should continue to apply.

8D Board may require applicant to take and pass examination or assessment
