- (2) ~~Having assessed the aggregate expenditure figure for any financial year under **subclause (1)**, the Minister must determine the aggregate levy figure for that year, being an amount equal to the aggregate expenditure figure less the amount that, in his or her opinion, is likely to be received by the Ministry during the financial year by way of interest on money invested by the Ministry or from third party or other revenue.~~ 25
- (3) ~~Nothing in this clause obliges the Ministry to expend in any financial year the whole of its income received in that year, and the Ministry may accumulate any part of its income in any financial year and expend it as it sees fit for any of its purposes in any subsequent financial year.~~ 30
- (4) ~~Despite **subclause (2)**, if the Ministry carries forward any such amount to a subsequent financial year, the Minister may, in determining the aggregate levy figure for that year, take into account the whole or any part of that amount.~~
- (2) After assessing the aggregate expenditure figure for a financial year, the Minister must determine the aggregate levy figure for that year. 35
- (3) The Ministry—
- (a) is not obliged to spend in a financial year the whole of its income received from the alcohol levy (**levy income**) in that year; and

- (b) may accumulate any part of its levy income in a financial year and spend it as it sees fit, for a purpose referred to in **subclause (1)(a) or (b)** in any subsequent financial year.

3 Minister to determine amounts of levy for each class of alcohol

- (1) After ~~assessing~~ determining the aggregate levy figure for any financial year, the Minister must determine, in accordance with **subclause (2)**, the amounts of the levies payable under **clause 5**, in respect of each class of alcohol, in order to yield an amount equivalent to the aggregate levy figure. 5
- (2) The process for determining the amounts of levy is as follows:
- (a) *Step 1*—for each class of alcohol, determine the total number of litres of that class of alcohol that was imported into or manufactured in New Zealand during the preceding statistical year: 10
- (b) *Step 2*—for each class of alcohol, multiply the result of step 1 by the appropriate rate, as set out in the table in **Schedule 6**. This gives the (nominal) total number of litres of alcohol for each class of alcohol: 15
- (c) *Step 3*—for each class of alcohol, divide the number of litres of alcohol for that class by the total number of litres of alcohol for all classes. This gives the proportion of the aggregate levy figure that is to be borne by that class of alcohol in the next financial year:
- (d) *Step 4*—for each class of alcohol, multiply the result of step 3 by the aggregate levy figure. This gives the amount of levy to be borne by each class of alcohol in the next financial year: 20
- (e) *Step 5*—for each class of alcohol, divide the result of step 4 by the result of step 1. This gives the amount of levy payable on each litre of alcohol of that class in the next financial year. 25
- (3) If a rate for a class of alcohol is described in the table in **Schedule 6** as a variable rate, the Minister must—
- (a) determine the rate to be applied to that class of alcohol; and
- (b) in making that determination, use the method for determining variable rates that is described in **Schedule 6**. 30

4 Rate of levy fixed by Order in Council

- (1) The Governor-General may, by Order in Council, fix for the next financial year, by reference to each class of alcohol, the amount of levy payable under **clause 5**.
- (2) The amount of levy for each class of alcohol must be as determined by the Minister in accordance with **clause 3(2)**. 35
- (3) If a rate for a class of alcohol is described in the table in **Schedule 6** as a variable rate, the Order in Council must identify the rate determined by the Minister under **clause 3(3)** and used for the purpose of **clause 3(2)**.

- (4) An Order in Council made under this clause is secondary legislation (*see* Part 3 of the Legislation Act 2019 for publication requirements).
- 5 Levies payable by importers and manufacturers of alcohol**
- (1) In every financial year, a levy of the amount set by Order in Council made under **clause 4** is payable by every person who— 5
- (a) enters for home consumption (as that expression is used in the Customs and Excise Act 2018) any imported alcohol that contains more than 1.15% volume of alcohol; or
- (b) manufactures in New Zealand any beer or spirits; or
- (c) sells any wine manufactured by that person in New Zealand. 10
- (2) No levy is payable under this Act in respect of any alcohol that is not subject to or is exempt from Customs duty under the Customs and Excise Act 2018.
- (3) If any person may be allowed, under the Customs and Excise Act 2018, any drawback in respect of any alcohol, that person may also be allowed a refund of any levy paid by that person under this Act in respect of that alcohol. 15
- (4) In this section, **Customs duty** has the meaning given to the term duty by section 5(1) of the Customs and Excise Act 2018.
- 6 Payment and collection of levies in respect of beer, wine, and spirits**
- (1) All levies payable under this Act in respect of any beer, wine, or spirits are payable to the Customs in addition to any duty payable to the Customs in respect of the beer, wine, or spirits under the Customs and Excise Act 2018. 20
- (2) For the purposes of **subclause (1)**, the levies are payable to the Customs at the same time as the excise duty or excise-equivalent duty is payable under the Customs and Excise Act 2018 in respect of the beer, wine, or spirits concerned.
- 7 Powers of Customs** 25
- The powers and authorities of the Customs under the Customs and Excise Act 2018, with any necessary modifications, apply in the same manner to the collection of a levy under this Act as they apply to the collection of duty under that Act.
- 8 All levies collected to be paid to the Ministry** 30
- (1) The Customs must pay to the Ministry all levies received under this Act by the Customs.
- (2) This clause is subject to **clause 9**.
- 9 Crown may be reimbursed for collection of levies**
- (1) For the purpose of reimbursing the Crown for any expenses incurred by the Customs in collecting any levies under this Act, the Customs may retain any 35

percentage of every levy collected by it that may be determined by the Minister of Finance after consultation with the Ministry.

- (2) The amount of any levy retained under **subclause (1)** must not exceed 5% of the amount of the levies collected by the Customs.
- (3) The Crown is entitled in every financial year to recover from the Ministry out of the fund any sum in respect of the costs incurred by the Director-General of Health in administering this Act that may be determined by the Minister of Finance after consultation with the Ministry. 5
