Explanatory note

This note is not part of the notice, but is intended to indicate its general effect.

This notice, which is deemed to have come into force on 30 September 2003, sets interim and annual deemed values for cockles caught on or after that date in the area described in Schedule 2 of the Fisheries (Declaration of New Stocks Subject to Quota Management System) Notice 2002.

A basic annual deemed value is set for so much of a commercial fisher's reported catch as does not exceed the fisher's ACE by more than 20%, but the deemed value increases as higher steps of excess catch are reached.

Issued under the authority of the Legislation Act 2012.
