Minister for Primary Industries.

Explanatory note

This note is not part of the notice, but is intended to indicate its general effect.

This notice amends the Fisheries (Interim and Annual Deemed Values) Notice 2003 (the **principal notice**). The amendments replace or insert interim and annual deemed values for various fishstocks. The notice comes into force on 30 September 2012 and the new deemed values apply to and from the fishing year commencing on 1 October 2012.

Clause 5 removes the references to mako shark, porae, porbeagle shark, and trumpeter from clause 6(a)(i) of the principal notice. As a result, fishstocks for these species fall into the category of stocks whose annual deemed values are set in clause 6(b) of the principal notice.

Clause 6 amends Schedule 1 of the principal notice to adjust the deemed values for the fishstocks set out in *Schedule 1* of this notice in the manner set out in that schedule.

Clause 7 amends Schedule 1A of the principal notice. *Clause 7(1)* amends the deemed values for the BYX2 fishstock. *Clause 7(2)* re-

moves the reference to MOK1. As a result, this fishstock also falls into the category of stocks whose annual deemed values are set in clause 6(b) of the principal notice. *Clause 7(3)* amends the deemed values for the SNA2, SNA7, and SNA8 fishstocks and inserts values for SNA1 and SNA10 fishstocks (with the effect that they no longer belong to the category of stocks whose deemed values are set out in clause 6(b) of the principal notice).

Clause 8 amends Schedule 2 of the principal notice to adjust the deemed values for the fishstocks set out in *Schedule 3* of this notice in the manner set out in that schedule.

Issued under the authority of the Acts and Regulations Publication Act 1989.
Date of notification in *Gazette*: 27 September 2012.
