6 When wholesale gas levy is due

The wholesale gas levy for a month is due and payable on the 20th day of that month.

7 Obligation to supply and keep information relating to wholesale gas levy payment

- (1) In order to ensure that the amount of levy paid is correct, the following obligations to supply information apply:
- (a) every industry participant who is liable to pay a wholesale gas levy for a month must supply to GIC a written return stating the total number of gigajoules of gas that the industry participant purchased during the previous month from—
 - (i) each gas producer; and
 - (ii) those gas producers, as described in regulation 5(3), who have purchased the gas from other gas producers:

Clerk of the Executive Council.

Explanatory note

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations, which come into force on 1 July 2018, impose levies on gas industry participants for the 2018/19 financial year. The levies fund the costs of the Gas Industry Company Limited (**GIC**) in performing functions and duties and exercising powers, including the cost of collecting the levies. GIC is the approved industry body under the Gas Act 1992.

The 2018/19 levies are—

- a wholesale gas levy of 1.2374 cents for every gigajoule of gas purchased from gas producers, calculated monthly on the basis of the buyer's purchases in the previous month and payable monthly. The levy is not payable on gas supplied from gas producers who have purchased the gas from other gas producers. This year's wholesale levy rate is an increase from the rate of 1.236 cents per gigajoule that applied in the 2017/18 financial year:
- a retail gas levy of 51.50 cents per month (which is the annual levy rate of \$6.18 divided by 12) for each installation control point to which the retailer has a contract to supply gas (as recorded on the registry under the Gas (Switching Arrangements) Rules 2008) as at the last day of the previous month. This year's retail levy rate is the same as the rate that applied in the 2017/18 financial year.

The levies are exclusive of goods and services tax.

The regulations require various industry participants to supply specified information to GIC each month. This includes an obligation requiring industry participants that are not liable to pay a levy to supply information.

The regulations also require industry participants to keep until 30 June 2020 all of the information that is necessary for the purpose of establishing the correct amount of the wholesale levy payable, and to supply that information to GIC on request.
