**Explanatory note**

*This note is not part of the regulations, but is intended to indicate their general effect.*

These regulations, which come into force on the 28th day after the date of their notification in the *Gazette*, amend the Product Safety Standards (Baby Walkers) Regulations 2001 ( **the principal regulations**).

Regulation 5 of the principal regulations declares certain subclauses of the American Safety Standard—Standard Consumer Safety Specification for Infant Walkers (ASTM F977—00) set out in the Schedule to be a product safety standard.

The amendments—

- change the references from the American Safety Standard—Standard Consumer Safety Specification for Infant Walkers (ASTM F977—00) to the revised American Safety Standard—Standard Consumer Safety Specification for Infant Walkers (ASTM F977—03):
- replace the Schedule of the principal regulations with a new schedule setting out in the second column the applicable subclauses in the revised Standard:
- adopt additional requirements from the revised Standard targeted at the structural integrity of baby walkers.
