**Schedule 1**  
**Species endangered by trade**

s 3(1)

The classes, families, and species listed in this schedule are arranged in descending order by class then in alphabetical order by order, family, and species. This order of arrangement is adopted in the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES).

The entries in the column headed "Exceptions/limitations" have the effect of either—

- (a) excluding nominated populations in the listed species; or
- (b) limiting the applications of the listed species to only those populations nominated; or
- (c) excluding certain species from a generic listing; or
- (d) excluding nominated varieties of specimens of the listed species.

## Schedule 2

### Species threatened by trade

s 3(1)

The classes, families and species listed in this schedule are arranged in descending order by class then in alphabetical order by order, family, and species. This order of arrangement is adopted in the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES).

The entries in the column headed "Exceptions/limitations" have the effect of either—

- (a) excluding nominated populations in the listed species; or
- (b) limiting the applications of the listed species to only those populations nominated; or
- (c) excluding certain species from a generic listing; or
- (d) excluding nominated varieties of specimens of the listed species; or
- (e) limiting the application of the listed species to only those categories of specimens nominated.

Schedule 2—*continued*

Order	Family	Genus, species, or subspecies	Common name	Exceptions/limitations
		<i>Vicugna vicugna</i>	vicugna	only certain wool, cloth, and products derived therefrom from Argentina (populations of Provinces of Jujuy and Catamarca and semi-captive populations of Provinces of Jujuy, Salta, Catamarca, La Rioja, and San Juan), Bolivia (whole population), Chile (population of the Primera region), and Peru (whole population); all other populations are included in Schedule 1
	Cervidae—Deer, guemals, muntjacs, pudus	<i>Cervus elaphus bactrianus</i>	Bactrian wapiti	
		<i>Pudu mephistophiles</i>	pudu	
	Hippopotamidae—Hippopotamuses	<i>Hexaprotodon liberiensis</i>	pygmy hippopotamus	
		<i>Hippopotamus amphibius</i>	hippopotamus	

Schedule 2—continued

Order	Family	Genus, species, or subspecies	Common name	Exceptions/limitations
	Moschidae—Musk deer	<i>Moschus</i> spp.	musk deer	except populations of Afghanistan, Bhutan, India, Myanmar, Nepal, and Pakistan, which are included in Schedule 1
	Tayassuidae—Peccaries	<i>Tayassuidae</i> spp.	peccaries	except species included in Schedule 1 and the populations of <i>Pecari tajacu</i> of Mexico and USA which are not included in the Schedules of the Act
Carnivora— Carnivores	Canidae—Bush dog, foxes, wolves	<i>Canis lupus</i>	grey wolf	except the populations of Bhutan, India, Nepal, and Pakistan, which are included in Schedule 1
		<i>Cerdocyon thous</i>	crab-eating fox	
		<i>Chrysocyon brachyurus</i>	maned wolf	
		<i>Cuon alpinus</i>	Asiatic wild dog	
		<i>Lycalopex culpaeus</i>	culpeo fox	
		<i>Lycalopex fulvipes</i>	Darwin's fox	
		<i>Lycalopex griseus</i>	Argentine grey fox	
		<i>Lycalopex gymnocercus</i>	Azara's fox	
		<i>Vulpes cana</i>	Blanford's fox	

Schedule 2—*continued*

Order	Family	Genus, species, or subspecies	Common name	Exceptions/limitations
		<i>Vulpes zerda</i>	Fennec fox	
	Eupleridae—Fossa, falanouc, Malagasy civet	<i>Cryptoprocta ferox</i>	fossa	
		<i>Eupleres goudotii</i>	falanouc	
		<i>Fossa fossana</i>	Malagasy civet	
	Felidae—Cats	Felidae spp.	all cat species	except the species included in Schedule 1. Specimens of the domesticated form are not subject to the provisions of the Act
	Mephitidae—Hog-nosed skunk	<i>Conepatus humboldtii</i>	Humboldt's/Patagonian hog-nosed skunk	
	Mustelidae—Badgers, martens, weasels, etc	Lutrinae spp.	otters	except the species included in Schedule 1
	Otariidae—Fur seals, sealions	<i>Arctocephalus</i> spp.	fur seals	except the species included in Schedule 1
	Phocidae—Seals	<i>Mirounga leonina</i>	Southern elephant seal	
	Ursidae—Bears, giant panda	Ursidae spp.	bears	except the populations or species included in Schedule 1
	Viverridae—Binturong, civets, linsangs, otter-civet, palm civets	<i>Cynogale bennettii</i>	otter civet	

Schedule 2—continued

Order	Family	Genus, species, or subspecies	Common name	Exceptions/limitations
Cetacea—Dolphins, porpoises, whales		<i>Hemigalus derbyanus</i>	banded palm civet	except the species included in Schedule 1. Zero annual export quota for live specimens from the Black Sea population of <i>Tursiops truncatus</i> removed from the wild and traded for primarily commercial purposes
		<i>Prionodon linsang</i>	banded linsang	
		Cetacea spp.	whales, dolphins, porpoises	
Chiroptera—Bats	Pteropodidae—Fruit bats, flying foxes	<i>Acerodon</i> spp.	flying foxes	except the species included in Schedule 1
		<i>Pteropus</i> spp.	flying foxes	except the species included in Schedule 1
Cingulata—Armadillos	Dasypodidae—Armadillos	<i>Chaetophractus nationi</i>	Andean hairy armadillo	Zero annual export quota. All specimens shall be deemed to be specimens of species included in Schedule 1 and trade in them regulated accordingly
Diprotodontia—Kangaroos, wallabies, possums, koala, wombats, and relatives	Macropodidae—Kangaroos, wallabies	<i>Dendrolagus inustus</i>	grizzled grey tree kangaroo

### Schedule 3 Species exploited by trade

s 3(1)

The classes, families, and species listed in this schedule are arranged in descending order by class then in alphabetical order by order, family, and species. This order of arrangement is adopted in the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES).

The countries listed in the column headed "Exceptions/limitations and Countries requiring export permit" are parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora that require an export permit to authorise trade in the species listed in the schedule. Trade in the species in relation to other countries that are party to the Convention requires a certificate of origin.

### **Explanatory note**

*This note is not part of the order, but is intended to indicate its general effect.*

This order substitutes new schedules in the Trade in Endangered Species Act 1989. The new schedules specify the order to which species belong, update the lists of endangered, threatened, and exploited species, and amend terminology to reflect more accurately that used in the Convention on International Trade in Endangered Species of Wild Fauna and Flora.

The order comes into force on the 28th day after its notification in the *Gazette*.

## **Notes**

### **1 *General***

This is a reprint of the Trade in Endangered Species Order 2008. The reprint incorporates all the amendments to the order as at 10 November 2011, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, *see* <http://www.pco.parliament.govt.nz/reprints/>.

### **2 *Status of reprints***

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

### **3 *How reprints are prepared***

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked

are omitted. For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

#### **4 Changes made under section 17C of the Acts and Regulations Publication Act 1989**

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
  - indentation
  - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
  - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
  - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
